The following are the conditions of sale:—

1.—The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 300 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

6.—The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7.—No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8.—The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the

the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9.—Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10.—No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12.—With a view to prevent fictitious biddings, designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertised for sale; No. 2, report of the examination of such Opium.

16.—The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1876-77, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17.—Any further information respecting weight or quality of the Opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1878, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 54,000 chests of Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to

itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for "the French Government, and delivered upon requisition duly made by the Agents of His "Most Christian Majesty, or by the persons duly appointed by them, the number of chests "so applied for, provided that such supply shall not exceed three hundred chests in each year, "and the price for the same shall be determined by the average rate at which Opium shall "have been sold at every such periodical sale, it being understood that if the quantity of "Opium applied for at any one time shall not be taken on account of the French Government "by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three "hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to "be addressed to the Governor-General at Calcutta within thirty days after notice of the "intended sales shall have been published in the *Government Gazette.*"

Orders and Notifications by the Government of India.

The following order, issued by the Government of India in the Military Secretary's Office, is republished for general information :—

Calcutta, the 5th December 1877.—*Notifications.*—His Excellency the Viceroy and Governor General will hold a Levée at Government House on Tuesday, the 18th December 1877, at 9-30 P.M.

Gentlemen purposing the attend to Levée are requested to send their names and addresses to the Aide-de-Camp in waiting not later than Thursday, the 13th. Gentlemen who have not already been presented at the Court of St. James or at Government House, will be good enough to add the names of the gentlemen who will present them.

Gentlemen attending the Levée are requested to bring with them the two cards which will be forwarded to them, one to be delivered on entering Government House, the other to the Aide-de-Camp in waiting at the time of presentation.

The carriages of gentlemen (except such as have the private entrée) attending the Levée will enter by the North-East Gate, set down under the Grand Staircase, and pass out by the North-West Gate. Carriages will take up at the Grand Stairs.

THEIR EXCELLENCIES THE VICEROY AND LADY LYTTON will hold a Drawing-Room at Government House at 9-30 on the evening of Thursday, December 20th.

Ladies purposing to attend the Drawing-Room are requested to send their cards and addresses to the Aide-de-Camp in waiting not later than Saturday, the 15th, and to bring with them to the Drawing-Room the two cards which will be sent to them; one to be given on entering Government House, and the second to the Aide-de-Camp in waiting at the time of presentation.

Ladies who have not already been presented at the Court of St. James or at Government House, are requested to send their cards with their address and the name of the lady by whom they are to be presented to the Aide-de-Camp in waiting as soon as possible.

Ladies who present others should themselves attend the Drawing-Room.

Ladies are requested to appear in full dress with trains. Trains, however, will not be considered indispensable.

The carriages of those who have the private entrée will enter by the South-East Gateway, and set down at the South Entrance of Government House.

All other carriages will enter by the North-East Gate, set down under the Grand Stairs, and pass out by the North-West Gateway.

By Command of His Excellency the Viceroy and Governor General of India.

The following orders, issued by the Government of India in the Foreign Department, are republished for general information :—

NOTIFICATION.—JUDICIAL.

Fort William, the 7th December 1877.

No. 183*J*.—The following Notification regarding the "Extradition Ordinance (Ceylon), 1877," which appeared in the *London Gazette* of the 30th October 1877, is republished for general information :—

At the Court at *Balmoral*, the 23rd day of *October* 1877.

PRESENT :

The QUEEN'S Most Excellent Majesty.
His Royal Highness Prince Leopold.
Lord President.
Lord Chamberlain.

Whereas by section 18 of "The Extradition Act, 1870," it is among other things enacted that if by any law made after the passing of the said Act by the Legislature of any British Possession provision is made for carrying into effect within such possession the surrender of Fugitive Criminals who are in, or suspected of being in such British Possession, Her Majesty may, by the Order in Council applying the said Act in the case of any Foreign State, or by any subsequent Order, either—

Suspend the operation within any such British Possession of the said Act, or of any part thereof, so far as it relates to such Foreign State, and so long as such law continues in force there and no longer ;—

Or direct that such law or ordinance or any part thereof shall have effect in such British Possession, with or without modifications and alterations, as if it were part of the Act :

And whereas by an Ordinance enacted by the Legislature of Ceylon, the short title of which is, "The Extradition Ordinance (Ceylon), 1877," it is provided that "all powers vested in and acts authorized or required to be done by a Police Magistrate or any Justice of the Peace in relation to the surrender of Fugitive Criminals in the United Kingdom under 'The Extradition Acts, 1870 and 1873,' are thereby vested in and may in the Colony be exercised and done by any Police Magistrate in relation to the surrender of Fugitive Criminals under the said Act."

And whereas it is further provided by the said Ordinance that the said Ordinance shall not come into operation until Her Majesty shall by Order in Council direct that the said Ordinance shall have effect within the Colony as if it were part of "The Extradition Act, 1870," but that the said Ordinance shall thereafter come into operation as soon as such Order in Council shall have been publicly made known in the Colony.

Now, therefore, Her Majesty, in pursuance of "The Extradition Act, 1870," and in exercise of the power in that behalf in the said Act contained, doth by this present order, by and with the advice of Her Majesty's Privy Council, direct that the said Ordinance shall have effect in the Colony of Ceylon without modification or alteration, as if it were part of "The Extradition Act, 1870."

And the Right Honourable the Earl of Carnarvon, one of Her Majesty's Principal Secretaries of State, is to give the necessary directions herein accordingly.

C. L. PEEL.

No. 184*J*.—The following extract from the *London Gazette*, dated Friday, October the 26th, 1877, is published for general information :—

At the Court at *Balmoral*, the 23rd day of *October* 1877.

PRESENT,

The QUEEN'S Most Excellent Majesty in Council.

Whereas by an Act of Parliament passed in the 7th year of Her Majesty's reign intituled "An Act for the better Government of Her Majesty's subjects resorting to China" it is (amongst other things) enacted that it shall be lawful for Her Majesty, by any Order or Orders made with the advice of Her Majesty's Privy Council, to ordain, for the Government of Her Majesty's subjects being within the dominions of the Emperor of China, or being within any ship or vessel at a distance of not more than 100 miles from the coast of China, any law or ordinance which to Her Majesty may seem meet, as fully and effectually as any such law or ordinance could be made by Her Majesty in Council for the government of Her Majesty's subjects being within the Island of Hong Kong.

And whereas Her Majesty was pleased by and with the advice of Her Privy Council, by order in Council of the 9th day of March 1865, to ordain (amongst other things) that all Her Majesty's jurisdiction exercisable in China or in Japan for the judicial hearing and determination of such matters as are by the 4th section of the said Order specified should be exercised according to the provisions of the said Order and not otherwise and that save as expressly provided by the said Order, all jurisdiction, power, and authority of the Supreme Court of Hong Kong exercisable in relation to British subjects resident in or resorting to China or Japan should absolutely cease.

And whereas by the Foreign Jurisdiction Amendment Act 1866 it was enacted that it should be lawful for Her Majesty in Council by Order in Council under the Foreign Jurisdiction Acts to confer upon any Court in Her Majesty's possessions out of the United Kingdom any jurisdiction which Her Majesty in Council might lawfully by any such Order confer on any Court in any country or place out of Her Majesty's dominions within which Her Majesty has power or jurisdiction.

And whereas Her Majesty was pleased by and with the advice of Her Privy Council by another Order in Council of the 28th day of March 1868 to ordain (amongst other things) that in addition to the powers then vested in the Supreme Court of Hong Kong the said Supreme Court might have jurisdiction over and take cognizance of all crimes and offences committed by British subjects at any place on land being within six miles of any part of the Colony of Hong Kong, and not being on the mainland of China, and of and over all disputes and differences between British subjects being in any such place within such limit as aforesaid.

And whereas it has seemed to Her Majesty, by and with the advice of Her Privy Council, to be expedient to revoke the said last-mentioned Order in Council and to extend the jurisdiction of the Supreme Court of Hong Kong in respect to matters arising in the neighbourhood of the Colony of Hong Kong.

Now therefore, Her Majesty by virtue of the powers in this behalf by the said recited Act, or otherwise vested in Her, is pleased by and with the advice of Her Privy Council, to order and it is hereby ordered as follows:—

1. In addition to the powers now vested in the said Supreme Court of Hong Kong, the said Supreme Court may have jurisdiction over and take cognizance of all crimes and offences committed by British subjects at any place on land, being within ten miles of any part of the Colony of Hong Kong and of and over all disputes and differences between British subjects being in any such place within such limit as aforesaid, and the said Court shall and may deal with, try, hear and determine all such cases as fully and effectually as if such crimes or offences had been committed or such disputes or differences had arisen by or between British subjects within the said Colony of Hong Kong.
2. The said Order in Council of the 28th day of March 1868 is hereby revoked except for the purpose of completing any proceedings criminal or civil which may have been commenced thereunder before this Order is published in the said Colony of Hong Kong and any proceedings so commenced may be completed and any sentences and judgments given therein may be executed as fully and effectually as if this order had not been made.
3. The jurisdiction hereby conferred upon the Supreme Court of Hong Kong shall be in addition to and concurrent with any power or jurisdiction now possessed by the Supreme Court for China or Japan or any Provincial Court under the said Order in Council of the 9th of March 1865 to deal with, try, hear and determine such cases as are herein mentioned, and nothing in this order contained shall affect the power of the said Supreme Court for China or Japan or of any Provincial Court under the said last mentioned order in Council to deal with, hear, try and determine the said cases.

And the Right Honourable the Earl of Carnarvon, one of Her Majesty's Principal Secretaries of State, is to give the necessary directions herein accordingly.

The following orders, issued by the Government of India in the Financial Department, are republished for general information:—

NOTIFICATIONS.—ACCOUNTS AND FINANCE.

Fort William, the 8th December 1877.

No. 2434.—Ordered that this notice be published in the *Gazette of India* for general information—

TENDERS FOR THE BERAR SURPLUS CASH BALANCES.

SEASON 1878.

NOTICE TO BANKERS, CAPITALISTS AND OTHERS.

Tenders are invited for the purchase of Bills drawn against the Surplus Cash Balances of the Berar Treasuries, for the calendar year 1878, on the conditions specified in the Rules noted below:—

1. Bills will be available for issue on the Treasuries of Akola and Amraoti in the months, and to the probable extent, noted in statement at foot.
2. Nothing, however, in this Notification shall pledge the Resident at Hyderabad to provide the exact sums estimated to be available in the months specified, and such tenders as are approved will be registered for final acceptance, to the extent to which money may be actually available. As a guide, however, to Bankers, Capitalists, and others, to tender for the probable surplus during the year above quoted, it is hereby intimated that the Surplus Cash Balances available annually for the preceding three years amounted to Rs. 1,41,00,000, or an average per annum of Rs. 47,00,000, and that the probable surplus for the ensuing season, it is estimated, will be about Rs. 30,00,000, as shown in statement below.
3. All tenders should be submitted in sealed envelopes, addressed as follows:—

WITHDRAWAL OF BERAR SURPLUS FOR SEASON 1878.

Tender for Bills on (*Akola or Amraoti as the case may be*) for the month of (*February or March, as the case may be*).

TO THE FIRST ASSISTANT RESIDENT,
HYDERABAD, DECCAN.

4. Tenders must on no account be written

the month or months for which the tenders are made. Separate tenders must be submitted for each month for Bills on Akola, and separate tenders must also be submitted for each month for Bills on Amraoti. Infringement of this rule will involve rejection of the tender. For the convenience of intending purchasers, printed forms of tenders will be kept in stock by the Extra Assistant Commissioner, Hyderabad, and will be issued to applicants.

5. The name and address of the person tendering should be clearly written at foot of the tender in English (in addition to the vernacular, if signature is in the vernacular).

6. Tenders may be for the whole, or any portion, in even thousands, of the amount advertised.

7. Tenders must specify the rate of exchange at which the tender is made, the par or assay value of 100 Government Rupees being equivalent to 116-14-6 in Halli Sicca Currency.

8. Each tender must be accompanied by a deposit of Rs. 5,000 in Halli Sicca coin, or Government Securities, as a guarantee of good faith; which deposit will be returned in the event of non-acceptance of tender, but the tender itself will not be returned.

9. Tenders will be opened at the Hydebarad Residency at noon, on Tuesday the 15th January 1878; and persons tendering are invited to be present, or to be represented by their Agents.

10. The Resident will not bind himself to accept the highest or any tender, nor will any reason be assigned for rejection of tenders.

11. Persons whose tenders may be finally accepted in whole or in part will be required, at the option of the Resident, to deposit 10 per cent. of the amount of their tenders on acceptance, and no portion of the deposit will be refunded till the *full* amount of Bills is received into the Treasury. This deposit will be forfeited in whole or in part, at the option of the Resident, in the event of noncompliance with the terms of the tender.

12. Persons whose tenders may be finally accepted will be required to pay the amount of their tenders into the Resident's Treasury between the 15th of the month to which the tenders refer and the 14th of the month following. No larger amount will be received on any one day into the Government Treasury than can be conveniently counted and examined by the establishment entertained for that purpose.

13. Persons whose tenders may be finally accepted will be required to pay the equivalent into the Resident's Treasury at Hyderabad in new Halli Sicca Rupees prior to the issue of Bills.

14. The Bills will be drawn at sight, in even thousands, and paid in Government Rupees at the Treasuries drawn upon. No Bill will be drawn for less than 5,000 Government Rupees, but Bills for sums in excess of this amount, in even thousands, will be issued to suit the convenience of purchasers.

N. B.—If, when the last instalment of Land Revenue has been paid up, the state of the collections should warrant such a course, a supplementary Notification will be issued, stating whether any and what further limited amount will be available for withdrawal.

The following Statement shows the amount of the Actual Surplus withdrawn from Berar annually for the three years 1875—1877, and that which is estimated to be available for withdrawal for the year 1878:—

No. 1102.—*Regulations.*—His Excellency the Governor General in Council is pleased to notify the following supplementary regulations which have received the approval of the Right Hon'ble the Secretary of State for India, providing for the case of military officers in civil employ referred to in paragraph IV of the subsidiary rules appended to G. G. O. No. 1316 of the 30th December 1875 :—

Despatch No. 164, dated the 10th May 1877.

I. Any officer now in civil employ, who is subject to the Military Furlough Regulations of 1854, or 1868, shall remain so subject.

II. Any military officer who may hereafter enter civil employ, who is not already subject to the Military Furlough and Leave Rules of 1875, shall remain subject to the rules applicable to him when he enters civil employ.

NOTE.—An officer referred to in rules I and II cannot elect the Military Furlough and Leave Rules

III. Any officer who may enter civil employ, who is already subject to the Military Furlough and Leave Rules of 1875, shall be subject to the rules in the Civil Leave Code applicable to covenanted civil servants both as regards furlough and leave taken out of India and in India.

IV. If any officer who is employed in the civil administration has taken furlough in the Military Department under the said rules of 1875, this furlough shall be treated, in calculating the furlough or special leave admissible to him under the preceding rule as if it had been furlough taken under the Civil Leave Code. Leave so taken under the 10th military rule shall be treated as if it had been privilege leave taken under the Civil Leave Code, and the claims of the officer under the Civil Leave Code adjusted accordingly.

V. If an officer who has been subject to the rules in the Civil Leave Code under the third of these rules is again employed in the Military Department, and so again becomes subject to the Military Furlough and Leave Rules of 1875, any furlough or special leave taken by him under the Civil Leave Code will be treated, in calculating the furlough admissible to him under the said military rules, as if it had been furlough taken under the said military rules. Privilege leave taken under the Civil Leave Code Rules will be treated as if it had been leave taken under the 10th military rule. Subsidiary or examination leave taken under the Civil Leave Code will not affect the claims of such an Officer under the Military Furlough and Leave Rules.

NUDDEA COLLECTORATE, the 26th October 1877. C. C. STEVENS, *Collector*.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale, to the undermentioned estate situate in the district of Cuttack, will be put up to sale at the Cuttack Collectorate on the 14th December 1877, corresponding with the 1st Pous 1285 Umli.

The purchasers will be subject to the following conditions of sale:—

(1.) The purchaser of each estate will be considered as the proprietor of that estate, and the entire proprietary right of Government in such estate will be transferred to him, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement and on the expiration of all future settlements. If on resettlement he should refuse to engage, he will be entitled to malikana. The estate will be sold, subject up to the year 1897 A.D. to the Government revenue against it, to the highest bidder above the upset price.

(2.) The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

(3.) If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

(4.) If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled, the sum deposited being forfeited to Government, and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

BURDWAN DIV. 1	Burdwan, Dec. 8 '77	Nil	*Amun* crop is being reaped. *Rubbee* crops are doing well. Fever is prevalent. Cases of cholera are reported in the Culna sub-division.
2	Bankoora, „ 8 „	Nil	Weather—cloudy and cool. Slight rain on the 8th. No change to report in the state and prospects of the crops. All the crops look extremely well.
3	Beerbhoom, „ 7 „	0·09	Weather—cool and cloudy during the latter part of the week, followed by drizzling rain on the morning of the 8th instant. The cold-weather crops are doing well. Late rice is being reaped.
4	Midnapore, „ 8 „	Nil	A little rain has fallen along the coast. State and prospects of the crops are fair as before reported.
5	Hooghly, „ 8 „	Nil	Weather—rather warm for the season. Cloudy during the last two days of the week. Late rice is being reaped. *Rubbee* crops are doing well. No change for the better in the state of public health.
	Howrah, „ 10 „	Nil	Weather—seasonable. Much colder and cloudy for two days. Harvest is progressing. *Amun* is good in low lands. It is short on high lands in the north.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.

	Central Districts.		
Presidency Divn. 6	24-Pergunnahs, Dec. 8 '77	Nil	Weather—cold and seasonable for the last few days; warm before. State and prospects of the crops are satisfactory. Cholera and fever are prevalent in many parts of the district.
Presidency Divn. 7	Nuddea, „ 8 „	Nil	Weather—warm till last two or three days, when it has become quite chilly even at midday, and very cloudy. Prospects of the cold-weather crops are very fair. Fever and cholera are giving much trouble in parts of the district.
Presidency Divn. 8	Jessore, „ 8 „	Nil	Weather has become cooler. *Amun* rice is being harvested. Winter crops are doing fairly well, except in the north of the district. They would, however, receive much benefit from some showers.
Presidency Divn. 9	Moorshedabad, „ 8 „	Nil	Weather—seasonable. Cloudy since 7th instant. Harvest is still going on with the prospect of an outturn somewhat above the average. The *rubbee* crops promise well, but would be improved by rain. Cholera still prevails in several localities, but is not increasing.
Rajshahye and Cooch Behar Divs. 10	Dinagepore, „ 7 „	Nil	Weather—cool, dry, and seasonable. Harvest has commenced in all directions. Rice is still selling at 16 seers per rupee in the northern thanas. Eleven deaths from cholera have been reported during the week.
Rajshahye and Cooch Behar Divs. 11	Rajshahye, „ 8 „	0·12	Weather—cool, and there have been occasional gatherings of clouds Slight rain at the Sudder station on the morning of the 8th. The cutting of *amun* rice is progressing. Prospects of the *rubbee* crops continue good. Fever and cholera are still prevalent in many parts of the district.
Rajshahye and Cooch Behar Divs. 12	Rungpore, „ 7 „	Nil	Weather has become cold and is slightly cloudy since 7th instant. The state and prospects of the crops continue to be good and satisfactory. The outturn from the *amun* rice crop will be above the average. Cholera is still prevalent in the Gaibanda sub-division. An unusual mortality from fever is reported from Durwani.
Rajshahye and Cooch Behar Divs. 13	Bogra, „ 8 „	0·02	Weather—dry and rather warm during the early part of the week, but for the last two days cloudy and threatening rain. The reaping of *amun* rice is still going on, and there is a very good outturn. New rice in small quantities is coming to market, and is selling at 32 seers for the rupee. The *rubbee* crops are getting on well, and the yield will probably be good. Fever and cholera are still prevalent in the district, though the latter is on the decrease.
Rajshahye and Cooch Behar Divs. 14	Pubna, „ 8 „	Nil	Weather—cool and cloudy in the morning. The harvesting of *amun dhan* is going on, but the outturn will not be satisfactory. State and prospects of the *rubbee* crops are favorable. Public health is bad. Fever is still prevalent in the Sudder station and cholera in the mofussil.
Rajshahye and Cooch Behar Divs. 15	Darjeeling, „ 7 „	Nil	Chilly, misty weather. The *kaimunti* rice is being reaped; a very fair outturn is expected. The young crops of wheat and barley are progressing favourably. The crop of buckwheat has just been gathered in.
Rajshahye and Cooch Behar Divs. 16	Julpigoree, „ 8 „	Nil	Weather—seasonable. Winter rice is being harvested. Mustard, wheat, and tobacco look promising. Sugarcane is also flourishing. Health of the town of Julpigoree has not yet improved. Fever is prevalent in some portions of the Buxa sub-division.
Rajshahye and Cooch Behar Divs.	Cooch Behar, „ 6 „	Nil	Weather—fair and cooler than during the previous week. State and prospects of the crops are much the same as reported last week Reaping of *amun* rice is going on, and the winter crops promise well. Transplantation of tobacco in some places is nearly complete, and mustard and potato-sowings are over. Fever is still very prevalent in the Meckliguage sub-division. Public health, however, is in general good.
	Eastern Districts.		
Dacca Divn. 17	Dacca, Dec. 8 '77	Nil	Weather—seasonable. It has been cooler during the week, but for two days clouds have been collecting and it looks like rain. State and prospects of the crops are favourable. There is much fever in Manickgunge sub-division, but cholera has abated.
Dacca Divn. 18	Furreedpore, „ 8 „	Nil	Weather—seasonable. State and prospects of the crops are fair. *Amun* is being cut.
Dacca Divn. 19	Backergunge, „ 6 „	Nil	A 13 or 14-anna crop will be saved all over the district. In other respects the tion of the district is fair.
Dacca Divn. 20	Mymensingh, „ 7 „	Nil	Weather—fine. State and prospects of the crops are good.
Dacca Divn. 21	Tipperah, „ 7 „	Nil	Weather—rather warm till the 1st December when it became cool. A very little rain (0·08) in Brahmunbariah; elsewhere no rain. About 4 annas of *amun dhan* and most of the sugarcane have been reaped. Export of *dhan* is beginning to Noakholly and Naraingunge. The outturn of all the crops is fair.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
	BENGAL.—(*Continued.*)		
	Eastern Districts.		
CHITTAGONG DIVN. 22	Chittagong, Dec. 6 '77	Nil	Weather—seasonable. The reaping of *amun* crop continues. The cold-weather crops are progressing favourably.
CHITTAGONG DIVN. 23	Noakholly, „ 6 „	Nil	Weather—seasonable. The *amun* crop is being reaped. Prospects are fair. Public health is good.
CHITTAGONG DIVN. 24	Chittagong Hill Tracts, „ 4 „	Nil	Weather—seasonable. Very cold from the 2nd instant. The gathering of paddy crop of the plough cultivators still continues. Mustard is growing well. Cotton is sold in small quantities in the local markets. Tobacco plants are being transplanted.
CHITTAGONG DIVN.	Hill Tipperah, „ 5 „	Nil	Weather—seasonable. The reaping of the late rice crop continues. The cold-weather crops are doing well.
	BEHAR.		
25	Patna, Dec. 8 '77	Nil	Weather—cool and clear during the early part of the week; cool and cloudy during the latter part. State and prospects of the crops are good. Rain is necessary for the *rubbee* crops. Health is good.
PATNA DIVISION. 26	Gya	.....	Return not received.
PATNA DIVISION. 27	Shahabad. „ 8 „	Nil	Weather—cloudy and threatening, and there was a slight sprinkle on the morning of the 8th. Rain is urgently needed wherever canal or well irrigation is not available. The *khurreef* is being harvested. Where canal water was taken in time the crops are magnificent, and in proportion as water was taken late crops are poor. Beyond the irrigable area, and where water was not taken, the field has been given for pasture.
PATNA DIVISION. 28	Durbhunga. „ 8 „	Nil	Weather—cold and cloudy. The *dhan* harvest is progressing. The *rubbee* crops are suffering from want of sufficient moisture in the Tajpore sub-division. There is every appearance of an early rain.
PATNA DIVISION. 29	Mozufferpore. „ 8 „	Nil	Weather—cold and clear in the early part of the week; cloudy towards the close. The reaping of the rice crop has commenced, and the outturn promises to be fair in Mozufferpore and Hajeepore sub-divisions, but is likely to be very short in Seetamurhee sub-division. The *rubbee* crops throughout the district are still doing fairly, but are in much want of rain. The poppy crop is backward. Tobacco is coming on well. Large importations of grain are being made into Seetamurhee and Mozufferpore sub-divisions for Nepal and Durbhunga.
PATNA DIVISION. 30	Sarun. „ 8 „	Nil	Weather—chilly rather than cold, with overcast sky. Rain seems to be impending [illegible] will be most welcome. Prospects of the *rubbee* crops continue fair. Rain [illegible], however, required to carry the crops through. *Aughani dhan* that has been saved is being reaped. It is believed that the average outturn throughout the district will not exceed two annas. Owing to the want of rain the opium fields are being re-sown, and the Opium Agent has ordered the advance of money for *kutcha* wells for irrigation. Prices have slightly fallen. Public health is good.
PATNA DIVISION. 31	Chumparun, „ 8 „	Nil	Weather—seasonable. Indications of rain. No change to report in the state and prospects of the crops. The prospects of the *rubbee* depend now upon the rainfall during the next 10 or 15 days. The harvesting of the *aughani* is proceeding. No estimate can yet be given of the probable outturn. Indigo prospects are so far gloomy.
BHAGULPORE DIVN. 32	Monghyr, „ 8 „	Nil	Weather—colder than before and threatening to rain. Prospects are the same as before. If rain does fall, the *rubbee* will get a fresh start.
BHAGULPORE DIVN. 33	Bhagulpore, „ 10 „	Nil	Weather—cold, with westerly wind. The *aughani* harvest is progressing favorably; estimated outturn is above the average, but prices are still higher than usual, owing to the large purchases made by up-country dealers. Prospect of *rubbee* continues favorable, but this crop will be improved by rain. Public health is good.
BHAGULPORE DIVN. 34	Purneah, „ 8 „	Nil	Weather—cold and cloudy. Rain is wanted for the *rubbee* crops. Fever is very prevalent, and cholera has appeared in the eastern villages of the district and in the south.
BHAGULPORE DIVN. 35	Maldah, „ 8 „	·03	Weather—fair and cold till 7th instant; then cloudy. The *dhan* harvest is going on everywhere; the outturn varies from 12 annas to a full crop. *Kalai* and other cold-weather crops are thriving. Health of the district is very bad. Cholera is coming to a focus at Gomastarpore and Shibgunge, where medical aid is being sent.
BHAGULPORE DIVN. 36	Sonthal Perghs., „ 9 „	0·11	The latter part of the week was cloudy. No change in the prospects of the crops since last report.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
	ORISSA.		
Orissa Divn. 37	Cuttack, Dec. 8 '77	Nil	Weather—fine and warm; somewhat colder and cloudy at the close of the week. There was very slight rain in some parts of the district on the 3rd and 4th instant. The cutting of late *sarad* has commenced in some places. The *rubbee* is in pod, and promises well. Cholera is still about; otherwise the public health is good.
Orissa Divn. 38	Pooree, „ 6 „	Nil	Weather—fair; warm for the season. *Laghoo* crop is being harvested. *Sarad* crop is ripening in some places, and in others is in ear. Both these crops suffered much for want of rain. Miscellaneous crops, such as *moong*, *urhur*, mustard, *kulthi*, sugarcane, &c., are doing well. Prices are stationary. *Dalua* rice plants are shooting forth in some places, and in others are being transplanted The state of crops in the tracts between the sea and the Chilka Lake is worse than before. Charitable relief is being given to those people who are unfit for work, while the rest have been employed in relief works in connection with the District Road Fund. Cholera is reported from the interior, as well as from the sub-division of Khoordah.
Orissa Divn. 39	Balasore, „ 7 „	Nil	Weather—fair. The harvest is progressing satisfactorily. The outturn will be nearly an average one on the whole. A severe outbreak of apparently epidemic fever, which seems to resemble the well-known Burdwan fever, has broken out along the banks of the Subanrekha. There is also a little sporadic cholera and cattle disease.
	CHOTA NAGPORE.		
	South-West Frontier Agency.		
40	Hazareebagh, Dec. 7 '77	Nil	Weather—colder than last week; every appearance of rain. State and prospects of the crops are fair; but rain is wanted.
41	Lohardugga, „ 8 „	Nil	Weather—seasonable. A little rain fell at Ranchi on the night of the 7th instant, and there is a prospect of more. Light rain fell on the 3rd in the south-east part of the district. In the Palamow sub-division rain was expected and wished for on the fourth. The main rice harvest is nearly over; the crop is not much below the average in head-quarters division In Palamow it is an 8-anna one. *Sargooja*, *rahur*, and other minor crops now in the ground are average crops.
42	Singbhoom, „ 7 „	0·05	Weather—seasonable. There has been slight rain in some parts of the district benefitting the cold-weather crops, which are doing well. The district is healthy.
43	Manbhoom, „ 8 „	about 0·50	Weather—very much colder than it has been this year, the thermometer falling to 52° at night. No rain up to the night of the 7th, but about half an inch fell at and round about the Sudder station on the morning of the 8th. It was raining on the 8th at the time of report. No change to report in the prospects of the crops, but the Deputy Commissioner thinks that the rain of the 8th will do a great deal of good to the *rubbee*, as it was being wanted throughout the district.

NOTE.

Barometric Pressure.—The pressures in column 2 of the above table for all stations below 500 feet are reduced from those given in column 3 of the table on the previous page, by adding the weight of a column of air of the temperatures given in column 17. For stations above 500 feet elevation the reduction is made by Captain Allan Cunningham's table, "Prof. papers on Indian Engineering, No. CXIII." The temperatures at the sea-level are taken from column 3 of the above table.

Temperature.—The temperatures in column 3 are reduced from those in column 17 on the preceding page, by adding 1° Fahrenheit for every 450 feet.

Wind Resultant.—The resultant wind direction and its comparative predominance are calculated from the whole number of wind observations recorded during the month. The relative predominance in the direction of the resultant is given as a percentage of the whole number of observations. The direction is computed in the usual way by Lambert's formula.

Cloud.—This column gives the average proportion of clouded sky, a cloudless sky being indicated by *o*, and one completely overcast by 1 *o*.

The above, being all comparable, afford the data for constructing a meteorological chart for the month which will show the isobaric and isothermal lines and the resultant wind directions, which last may be represented by arrows of varying length, proportioned to the prevalence of the wind. To these may be added the rainfall from the previous tables.

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h. and 22h.; the maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard (Newman' No. 86) formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

METEOROLOGICAL OFFICE, INDIA, the 7th December 1877.

The results of the observations at the Alipore observatory are not rigorously comparable with the registers of past years (at the Park Street observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 1° or 1½° lower; and finally, the thermometer which has furnished the record of temperature at the Surveyor-General's office during the last twenty years and upwards, is found to read 0·8° higher than the Kew standard thermometer, which is the standard of reference at the present observatory. Hence the mean temperature of the atmosphere which the above table shews to be 0·8 lower than the average has been really about 1° or 1·5° higher.

NOTIFICATION.

The 30th November 1877.—The following revised bye-laws, framed by the Municipal Commissioners of Berhampore at a meeting, under Section 313, Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under Section 314 thereof, are hereby published for general information, in supersession of those published in the *Calcutta Gazette* of the 23rd May 1877 :—

I.—For Regulating the Disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals,

1. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after sunrise, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of the carcasses of animals, or report its death to the conservancy overseer and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. The overseer, when called upon, shall not neglect to remove a carcass.

Penalty for infringement, fine which may extend to Rs. 10.

2. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such place as may from time to time be appointed by the Commissioners for the reception of carcasses of animals.

Penalty for infringement, fine which may extend to Rs. 10.

II.—For the Regulation and Management of Privies.

3. Any owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the Municipality to his house, land, or premises, for the removal of any night-soil or filth, within such hours as may have been fixed by the Municipal Commissioners.

Penalty for infringement, fine which may extend to Rs. 5.

4. All sweepers, other than the sweepers employed by the Municipal Commissioners, who are employed, or desire to be employed, for the removal of offensive matter from any house, or land, or premises shall register their names at the office of the Municipal Commissioners within 15 days after a public notification shall have been made in the manner prescribed by Section 365 of Act V (B.C.) of 1876 requiring such registration.

Penalty for infringement, fine which may extend to Rs. 2.

5. Every owner or occupier of any house, land, or premises from which offensive matter is removed by the said owner or occupier, shall register in the office of the Municipal Commissioners the names of the sweepers employed by him for the removal of such offensive matter within 15 days of the appointment by him of such sweeper, or in the case of any sweeper who shall be in his employ at the time when this bye-law shall come into force, within 15 days after a public notification shall have been made in the manner prescribed by Section 365 of Act V (B.C.) of 1876 requiring such registration.

Penalty for infringement, fine which may extend to Rs. 2; or in case of continuing recusancy after imposition of penalty, a daily fine not exceeding Re. 1.

6. Every sweeper employed by the owner or occupier of any house, land, or premises for the removal of offensive matter from such house, land, or premises, shall be subject to the orders and control of the Municipal Commissioners in respect of the removal and disposal of such offensive matter.

Provided that such owner or occupier shall be responsible jointly with the sweepers so employed by him for the due observance of the laws, bye-laws, and orders of the Municipal Commissioners, so far as regards the house, land, or premises owned or occupied by him.

7. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable moveable receptacle of earthenware.

Penalty for infringement after notice, fine which may extend to Rs. 20.

8. Whenever it shall appear to the Municipal Commissioners that a privy is noxious or improperly constructed, it shall be lawful for them to issue a notice on the owner or occupier of any house, land, or premises in or on which such privy may be situated, directing him to fill up, close, or otherwise alter the construction of such privy as may seem to them proper; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter such privy in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

9. No owner or occupier of any premises in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow (or excavation or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in bye-law 7.

Penalty for infringement, fine which may extend to Rs. 20.

10. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cesspool into any river, tank, khal, water-course, or receptacle for water, or dispose of the abovementioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

Penalty for infringement, fine which may extend to Rs. 20.

11. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorant or disinfectant in any privy or on any premises if at any time it seem to them necessary for the preservation of public health or for the prevention of infection or spread of disease.

Provided that the Municipal Commissioners shall be bound to supply such deodorants or disinfectants at cost price, and the price shall be recoverable as a debt due to the Commissioners.

Penalty for not using deodorant or disinfectant so supplied, fine which may extend to Rs. 10.

12. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description or pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Commissioners may from time to time direct.

Penalty for infringement, fine which may extend to Rs. 5.

III.—For Regulating Traffic in the Streets.

13. Every carriage or cart plying in the streets after one hour after sunset shall carry a light or lights, except when, in the opinion of the Magistrate, there may be sufficient moonlight to render such light or lights unnecessary.

Penalty for infringement, fine which may extend to Rs. 2.

IV.—General Bye-laws.

14. No person shall put, or cause to be put, on any house or other building any spout, or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public thoroughfare.

Penalty for infringement after notice, fine which may extend to Rs. 5.

15. It shall be lawful for the Municipal Commissioners to issue a notice to the owner or occupier of any house or building on which there may already be any such spout or other thing intended for the conveyance of water as is described in bye-law 14, directing him to remove or alter such spout or other thing; and if the orders contained in the notice be not carried out within 10 days, the Commissioners may remove or alter such spout or other thing in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

16. No person shall construct or place over any public drain any bridge, platform, building, or structure of any kind, except by, and with the written permission of, the Municipal Commissioners, and in such manner as they shall direct; and in the case of such bridges, platforms, buildings, and structures now in existence, the Commissioners shall have power to issue a notice to the owner or occupier of any such bridges, platforms, buildings, or structures, directing such alterations as they may think proper.

Penalty for infringement, fine which may extend to Rs. 10; penalty for continued infringement after notice, daily fine which may extend to Rs. 3.

17. If any house, wall, or other erection, or any part thereof, fall upon any public road or thoroughfare, or into any public drain, the owner of such house, wall, or erection, shall remove it after notice within the time prescribed by the Municipal Commissioners.

Penalty for infringement after notice, fine which may extend to Rs. 10; penalty for continued infringement after notice, daily fine which may extend to Rs. 5.

18. If it shall appear to the Municipal Commissioners at a meeting that any hollow or excavation in the lands or premises of any person within the limits of the Municipality is offensive or prejudicial to public health, they shall have power to serve a notice on the owner or occupier of such lands or premises to abate the nuisance, by filling up the hollows or excavation, or take such other course, not inconsistent with the provisions of the municipal laws, as to the Commissioners shall seem fit; and in the event of the occupier or owner of such land or premises refusing or omitting to comply with the requisition of the Commissioners within a reasonable time, to be set forth in the notice, they shall themselves carry out the work.

19. No person shall bury, or cause to be buried, in any burial ground any corpse, or part of a corpse, in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than five feet from the surface ground.

Penalty for infringement, fine which may extend to Rs. 10.

20. No person shall bury, or cause to be buried, in any burial ground any corpse, or part of a corpse, in a grave not constructed of masonry which shall be less than six feet deep.

Penalty for infringement, fine which may extend to Rs. 10

21. No person shall dig or build, or cause to be dug or built, any grave in any burial ground at a less distance than two feet from any existing grave.

Penalty for infringement, fine which may extend to Rs 20.

22. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

Penalty for infringement, fine which may extend to Rs. 20.

23. No one shall carry a corpse, or part of a corpse, through any public road or thoroughfare unless it be decently covered and entirely concealed from public view.

Penalty for infringement, fine which may extend to Rs. 10.

The following are the conditions of sale:—

1.—The Opium will be sold for exportation by sea only, and [illegible] will be granted except to cover such export.

2.—The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of

Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.	
When the amount bid is less than	Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than	Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than	Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of	Rs. 400.

6.—The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7.—No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8.—The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9.—Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10.—No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12.—With a view to prevent fictitious biddings, designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding, altogether, twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertised for sale; No. 2, report of the examination of such Opium.

16.—The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1876-77, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17.—Any further information respecting weight or quality of the Opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1878, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 54,000 chests of Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for "the French Government, and delivered upon requisition duly made by the Agents of His "Most Christian Majesty, or by the persons duly appointed by them, the number of chests "so applied for, provided that such supply shall not exceed three hundred chests in each year, "and the price for the same shall be determined by the average rate at which Opium shall "have been sold at every such periodical sale, it being understood that if the quantity of "Opium applied for at any one time shall not be taken on account of the French Government "by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three "hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to "be addressed to the Governor-General at Calcutta within thirty days after notice of the "intended sales shall have been published in the *Government Gazette*."

No. 421.—THE following Rules for the care and use of Government Cemeteries other than those in the Presidency Town of the Diocese of Calcutta, and for the levy and expenditure of fees on graves and monuments in Cemeteries and Churches throughout India, and for the levy of other ecclesiastical fees, are published for general information and guidance :—

I.

Rules for the care and use of Government Cemeteries throughout India except those in the Presidency Town of the Diocese of Calcutta.

CHARGE OF THE CEMETERY.

RULE I.—(1).—The Resident Chaplain of a station has charge of the general cemetery and frames an estimate of the expenditure connected therewith in accordance with the directions contained in para. 1, Home Department* Resolution No. 6—370-382, dated 9th November 1876.

* Appendix A.

(2.)—The term "Resident Chaplain" includes a Clergyman of the Additional Clergy Society as far as concerns the stations to which he stands appointed or other Clergyman of Church of Englar placed in charge by the Bishop.

(3.)—During the temporary absence of the Chaplain, and at stations where there is no Reside Chaplain, the charge of the cemetery belongs to the Chief Magistrate on the spot, or the senior Milita Officer if the cemetery is attached to a military cantonment.

(4.)—At out-stations where there is a Church Committee the charge of the cemetery will belor to the senior member of Committee, and where there is no such Committee, to any subordinate offic nominated by the Magistrate or Deputy Commissioner of the district.

RULE II.—Each cemetery is allowed a mali-chowkidar or chowkidars in accordance with the sca prescribed in para. 2, Home Department Resolution* No. 6—370-38 dated 9th November 1876. These chowkidars are paid by Governme through the Resident Chaplain by whom they are appointed and dismissed. In stations where the is no Resident Chaplain, the chowkidars are paid, appointed and dismissed by the other officers nam in Rule I.

* Appendix A.

RULE III.—Every reasonable effort should be made by the Resident Chaplain or other officer charge under Rule I, not only to keep the cemetery in decent order, but to preserve its character the resting-place of the remains of departed friends by providing for the necessary repairs, and planting the ground with suitable trees.

NOTE.—To meet the expenditure under this Rule, see Rule I, and para. 1 of Hor Department Resolution† No. 6—370-382, dated 9th November 1876.

† Appendix A.

RULE IV.—The chowkidar will keep the key of the cemetery under the direction of the offic in charge.

RULE V.—The officer who has charge of the cemetery under the operation of Rule I will perform the duties assigned to the Chaplain by Rules VII, VIII, IX, X and XI, with the exception of the a proval of the inscriptions in that part of the cemetery reserved for the Church of England. These are be forwarded to the visiting Chaplain, or, if there be none, to the Archdeacon, and not cut till his san tion be obtained. Should however, an inscription be disapproved, it may be referred to the Governme for decision.

INTERMENTS BY WHOM TO BE CONDUCTED.

RULE VI.—(1.)—The Chaplain buries Christians of all denominations whose friends desire l services as laid down in the orders of the Government of India in t Home Department§ No. 159, dated the 6th June 1877, using always t service of the Church of England, and the consecrated portion of the cemetery.

§ Appendix B.

(2.)—A portion of every cemetery will be set apart by the orders of Government for the use Roman Catholic congregations, and another portion will be appropriated for the joint use of oth Christians whose friends desire that they should be interred otherwise than according to the ritual either the Church of England or of the Church of Rome, or who cannot legally be so interred.

(3.)—These unconsecrated portions thus set apart are not to be fenced or walled off from the re of the cemetery, but simply divided off by a pathway, and they must be added to the existing cemete or reserved from it. If the existing cemetery be large enough for the w.nts of the whole Christi community, such portions will be reserved, without reference to the fact that the whole enclosure h or has not been consecrated according to the rites of the Church of England. If the cemetery be or large enough for the wants of Christians desiring to be buried with the service of the Church of Englar such portions will be added. The whole cemetery thus divided is to be surrounded by a wall, to ha but one gate of entrance, and to be under the care of the officer specified in Rule I.

RULE VII.—(1.)—Ministers of all denominations have a right to conduct the service of bur over the body of any deceased member of their respective congregations who may be buried in a fitting portion of the ground set apart for the denomination to which the deceased belonged. At le six hours' previous notice of the burial should be given to the Chaplain in charge of the buri ground or, in the absence of the Chaplain, to the officer who may be in actual charge. T period herein prescribed may, for special reasons, be shortened with the permission of the Chapl or officer in charge of the cemetery. Such Chaplain or officer will, if he thinks the circumstances the case demand it, bring the facts to the notice of the local Magisterial authorities in time admit of an order stopping the burial being passed if necessary.

(2). A certificate of burial drawn up according to the required form must be sent to the Cha lain or to the Registrar of Births, Marriages and Deaths, to be entered in the register kept up by hin

RULE VIII.—No burial can take place in that part of a Government cemetery which has been apart for the use of members of the Church of England, unless the service prescribed by that Chur is read by the Chaplain if there be one, or, in his absence, by the layman who officiates at the funer But a person may be interred in the other portion of a Government cemetery with or without the of any services of religion.

ARRANGEMENTS FOR BURYING.

RULE IX.—The arrangements for making the necessary preparations for digging graves, prepari coffins, and the like, should rest in military stations upon the senior military officer, and in civil s tions upon the chief local Magistrate. These officers are authorized to direct any local Public Wo officer to supply all that is necessary. The local Public Works officer would usually be the Execut Engineer of Military Works in military stations, and the Civil Executive Engineer in other statio The expenditure incurred by the Executive Engineer will be held in his miscellaneous advance accou until repaid by the officer authorizing the expenditure. But in cases of necessity or emergency, eit officer may be called upon to do what is required.

RULE X.—The officer in charge of the cemetery shall keep a plan of the entire cemetery to provided by the Public Works Department, with references written upon it, in a book, in which names of parties interred are recorded; this plan and book being kept with the church registers.

ERECTION AND REPAIR OF MONUMENTS.

RULE XI.—Monuments may be erected by any interested person. The inscription before being cut, and the design, must be first approved of as laid down in Rule V, and the dimensions of the monument must accord with the orders in para. 3, Home Department Resolution* No. 6—370-82, dated 9th November 1876.

* Appendix A.

RULE XII.—(1.) The Chaplain should communicate with the friends of the deceased when a monument needs repairing, or, when such communication is not possible, advertize three times in the *Gazette of India* and the Gazette of the Province; and if it falls into a ruinous condition, and no party will undertake to restore it, the ruined monument must be made level with the ground during the next repairs, and any slab it contained must be placed over the grave in simple masonry, or be inserted in the wall.

(2). All work connected with monuments must, as far as possible, be carried on outside the cemetery, and any undertaker not removing the débris of his work immediately upon its completion is liable to a fine of Rs. 5.

Note.—This rule does not apply to monuments of historical or archæological interest. Lists of such tombs should be obtained by Local Governments and Administrations, and as many of them as may be properly preserved at the public expense should be looked after by the local Public Works Department.

INSPECTION.

RULE XIII.—The cemetery should be inspected once in a half-year by the Chaplain in company with the Executive Engineer, the plan and book kept under Rule X being also examined, and a report made to the Archdeacon, and recorded in the Ecclesiastical record-book of the station, and also in the Engineer's Office.

RULE XIV.—(1.) Commissioners of Divisions should inspect cemeteries, whether closed or in use, within their respective jurisdictions, in the course of their annual tours, and should bring to the notice of the local Government any instances of cemeteries which are negligently kept, or which the officers in charge may have allowed to fall into a state of bad repair or disorder. All cemeteries are equally subject to the visitation and supervision of the Bishop and Archdeacon.

(2.) Sanitary officers in cantonments are invited to inspect cemeteries within their respective cantonments, and to report to local Governments any matter calling for notice.

MISCELLANEOUS.

RULE XV.—It is desirable that officers commanding regiments or detachments should be instructed to cause a report to be made to the nearest civil officer of graves dug for soldiers on march, that measures may be taken for their effectual protection and preservation. These graves and all scattered Christian graves throughout the district are under the care of the local civil authorities.

RULE XVI.—The above rule do not apply to Presidency cemeteries which have rules of their own.

II.

Rules regarding the levy and expenditure of fees on masonry graves and monuments in Cemeteries and Churches throughout India.

WHAT FEES ARE PAYABLE, AND BY WHOM.

RULE I.—A fee of 8 annas for every square foot of ground occupied shall be charged for the construction of any masonry grave in a burial-ground.

NOTES.—(1.) This fee is independent of the actual charge for making a grave.

(2.) The fee leviable on a masonry grave regularly built up to the level of the ground is also leviable on a masonry grave which is not built up to the level of the ground, but which is only over and round the coffin.

(3.) The "ground occupied" is to be regulated according to the rule laid down in paragraph 3 of Home Department Resolution† No. 6—370-382, dated 9th November last.

† Appendix A.

(4.) The same fees which are levied on pucka graves should also be levied on cutcha graves which have pucka foundations.

RULE II.—A further fee of one rupee per square foot shall be levied on the erection of a monument in a burial-ground; provided, however, that for a simple headstone or flat slab not more than 3 feet 6 inches in height or length, and 2 feet in width, a uniform fee of Rs. 5 only shall be charged A fee of Rs. 75 shall be levied on a faculty for the erection of a monument in a church.

NOTES.—(1.) A tablet on the wall of a cemetery is to be regarded as a monument.

(2.) "Simple headstone." A cross no higher than a usual headstone and no longer than a usual flat stone, is included in this description.

(3.) When a monument erected over a masonry grave, the total of the two fees will be equivalent to one and a half rupee for each square foot of ground occupied.

(4.) The fee of Rs. 75 levied on a faculty, drawn in the case of non-Government churches by the present incumbents of the office of Register of the Diocese in Calcutta and Bombay, shall cease on a vacancy occurring in the appointment. The money is to be spent in charity as in the case of Government churches.

RULE III.—When a cenotaph is erected in a cemetery, a fee of Rs. 50 should be levied in addition to the fee charged for the ground occupied, and the space should be strictly limited to six feet square.

RULE IV.—Fees for masonry graves and monuments should be levied over the whole cemetery, including those portions which are used by Roman Catholics and Non-conformists.

NOTES.—(1.) The same rules in regard to fees apply to all graves, whether of Roman Catholics, of Non-conformists or members of the Established Church.

(2.) Where a parcel of ground used for burial by a Christian community of any particular denomination other than the Established Church of England forms no part of the general cemetery but is separate from it, or where, although not so separate, it is clearly distinguishable and was not originally acquired, and has not been kept up at the expense of the State, then, if the community by which the ground is used so desire, the Government will give up all claim to fees, on

over a pucka grave must exceed 8′ × 4′ at the base, except with the previous sanction of the Local Government concerned. A simple cross or head-stone on an adequate masonry foundation, not exceeding 3′ × 2′, is the only monument that should be allowed over a kutcha grave; no kutcha grave should be enclosed by a railing.

4. No portion of the receipts from cemeteries should be retained by any Government officer to be directly expended by himself; all such receipts should be paid into the Civil Treasury to the credit of the Public Works Department. In the case of receipts from cemeteries in charge of the Military Works Branch and under those Governments and Administrations in which the Provincial Service arrangements are not in force, the credit will be treated in the Public Works accounts as a receipt under Imperial Public Works Revenue. In the case of the other Governments and Administrations the credit will be raised to Provincial Service Public Works Revenue. But the amount passed upon the joint-estimate framed by the Executive Engineer and Chaplain to provide for planting a cemetery and preserving it in decent order should be entrusted to the Chaplain where there is one. Where there is no resident Chaplain, the amount should be placed at the disposal of the Chief Magistrate on the spot, or of the senior Military Officer if the cemetery is attached to military cantonment. The necessary funds for the purpose will be advanced by the Executive Engineer concerned to the Chaplain or Civil or Military Officer. Bills for the expenditure should be rendered by the officer to whom the advance has been made, either monthly or otherwise, to the Executive Engineer, who will charge for the amount thereof in the usual way in his accounts. Until the bills are received and charged off, the advance will be placed in the Miscellaneous Advance Account of the Executive Engineer. All planting of shrubs and trees by private persons in cemeteries should be under the control of the Chaplain if resident, otherwise under that of the Magistrate or senior Military Officer, as the case may be. When practicable a well should be sunk in or near every cemetery.

In connection with the preservation of cemeteries in decent order attention is invited to the rule cited on the margin. This rule, however, should not be applied to monuments of historical or archæological interests. Lists of such tombs should be obtained by Local Governments and Administrations, and as many of them as may be properly preserved at the public expense should be looked after by the local Public Works Department.

The Chaplain should communicate with the friends of the deceased when a monument needs repairing; and if it falls into a ruinous condition, and no party will undertake to restore it, the ruined monument must be made level with the ground during the next repairs, and any slab it contained must be placed over the grave in simple masonry or be inserted in the wall by the Government officer.—(*Rule VIII, Diocese of Calcutta Burial-ground Rules.*)

5. It should be understood that the Government cannot provide cemeteries at the public expense for Native Christian communities.

NOTE.—Where their number is small, the question is of little importance and is best arranged by mutual concessions or by special provisions made locally by the parties immediately concerned. And I am to suggest for His Lordship's (Bishop's) consideration, whether if the necessity of dealing at the present time with this matter of Native Christian interment be in his judgment unavoidably established, it should not be carefully examined in consultation with the several Local Governments, having regard to the diverse needs and circumstances of the population in each separate province.

6. It is not considered necessary to make any alteration in the existing rules regarding the mode of supply of church furniture.

7. Further orders will be passed on the 6th point referred to the Committee for report.

8. The arrangements for making the necessary preparations for digging graves, preparing coffins, and the like, should rest in military stations upon the senior Military Officers, and civil stations upon the chief Local Magistrate. These officers are authorized to direct any Local Public Works Officer to supply all that is necessary. The "Local Public Works Officer" would usually be the Executive Engineer of Military Works in military stations, and the Civil Executive Engineer in other stations. The expenditure incurred by the Executive Engineer will be held on his Miscellaneous Advance Account until repaid by the officer authorizing the expenditure. But in cases of necessity or emergency either officer may be called upon to do what is required.

NOTE.—The intention of this paragraph is to provide an ultimate authority in case of difficulty, and existing arrangements need not be disturbed.

Office Memorandum from the Military Department, No. [illegible], dated the 16th November 1875, forwarding for an expression of opinion a draft General Order which His Excellency the Commander-in-Chief proposes to issue on the subject in accordance with the above rules.

RESOLUTION.

On a reconsideration of the subject the Government of India think it necessary to modify the rules contained in the Resolution of 8th September 1875, so far as regards the burial of deceased Roman Catholics. The Government of India have now decided:

1*st*, that at stations where there is a Roman Catholic Priest drawing an allowance from Government, he shall be held bound to read the burial service over the body of every deceased Roman Catholic brought for burial, unless he be excused from doing so by the rubrics and canons of the Roman Catholic Church: and that when the Roman Catholic Priest refuses to read the burial service over the body of a deceased Roman Catholic soldier, the military authorities shall make proper arrangements for the decent interment of the corpse;

2ndly, that where there is no Roman Catholic Priest paid by the State, the Protestant Chaplain shall, if requested by the friends of the deceased, or by the officer commanding, be bound to bury the deceased according to the rites and ritual of the Church of England, except in either of the three cases in which Protestant Chaplains in India are excused from burying a deceased Protestant, *viz.*, dying unbaptized even by lay baptism; excommunicated by the major excommunication; or declared to be *felo de se*; and that when a Protestant Chaplain refuses to officiate at the burial of a deceased Roman Catholic soldier on either of the three above-mentioned grounds, the military authorities shall, as in the case of refusal by a Roman Catholic Priest, make proper arrangements for the decent interment of the corpse;

3rdly, that whenever, with or without furnishing any explanation of his reasons, a Roman Catholic Priest paid by the State or a Protestant Chaplain refuses to perform the funeral rites of his Church over the body of a deceased Roman Catholic soldier, the circumstances of the case should be fully reported by the military authorities for the consideration and orders of the Government of India.

2. The Governor General in Council is accordingly pleased to direct the modification in the above sense of the provisions of paragraphs 15 to 19 inclusive of the Resolution, 8th September 1875.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 317.

The 18th December 1877.

UNDER Section 89 of Act X (B.C.) of 1871, the following annual accounts and report of the Road Cess Committees of the Rajshahye, Rungpore, Bogra, Pubna, Dinagepore, Darjeeling, and Julpigoree districts, of works done and in progress during the past cess year 1875-76, together with the remarks thereon of the Commissioner of the Rajshahye and Cooch Behar Division are published for general information.

G. A. D. ANLEY, C.E.,
Asst. Secy. to the Govt. of Bengal
in the Public Works Dept.

No. 259, dated Beauleah, the 17th January 1877.

From—J. C. M. FORBES, ESQ., C.E., District Engineer of Rajshahye,

To—The Chairman, District Road Fund Committee, Rajshahye.

CESS YEAR ENDING 30TH SEPTEMBER 1876.

Original Works.

METALLING OF BYA ROAD.

DURING the cess year ending 30th September 1876, the metalling commenced from 6th mile-post and consolidated up to 7 mile 5 chains mile-post. The balance of materials available at site of the road completed the spreading and consolidating the metal, and left a further balance to be worked out in repairs in the cess year 1876-77. The road is seven miles in length up to Bya Bazar. The total expenditure during the year amounts to Rs. 925-11-6, and the quantity of metal consolidated is 33,162 cubic feet. No work on the Nowhatta portion of this road was undertaken, as the year ended with a change of engineers, and the working season was nearly over when the new district system came into operation.

RAISING AND REPAIRING NATTORE ROAD UP TO 21ST MILE-POST.

The extraordinary repair works of the Beauleah and Nattore road were, however, of a much more heavy description. This road, the most important one in the district, and at present the only feeder to Northern Bengal State Railway at Nattore, was found to have been practically useless during at least four months of every year owing to its surface being so very much lower than high flood-level, and the raising of the road and the provision of suitable water-way had been long in contemplation, but could not be effected from the ordinary collection. The sale to Government, however, of Dadapore road for Rs. 66,000 enabled this important work to be put in hand. Estimates were prepared and sanctioned, and of these those for the earth-work and repairs to bridges were completed during the year under review—that is to say 12,108,520 cubic feet of earth-work with turfing amounting to Rs. 42,672-5-9, and repairs to bridges amounting to Rs. 5,3[illegible]-8-3. The total sum expended on account of the work during the year amounts to Rs. 5[illegible],066.

Repairs have been carried out on the following roads:—

Dinagepore road.—Ten miles in length. The road has been repaired for ten miles in length and 74,631 cubic [illegible] of earth thrown over throughout it, with general repairs to bridging of a slight nature. The total expenditure during the year amounts to Rs. 1,007.

Maldah road.—The repairs on this road comprised chiefly surface repairs, which were efficiently carried out throughout its length and breadth. About 293,468 cubic feet of earth were put on at a cost of Rs. 913, [illegible]ght repairs to bridging. The road is seven miles in length to Bailghattee, and the total expenditure amounts to about Rs. 1,177.

Godagaree road.—Twenty-one miles in length. It has received thorough repairs throughout its length and a slight protecting bund of one foot above the surface of the road from Nawabgunge pillar to Belowa factory put on at a cost of about Rs. 380. The remaining portion of the Furreedpore wooden bridge has satisfactorily been completed, and slight repairs to other bridges effected during the year. The total quantity of earth-work carried out amounts to 1,080,907 cubic feet, and the total cost it involved about Rs. 5,000. The total sum expended on the work was Rs. 5,472.

Pubna road.—The repairs on the road, which is 44 miles in length, was all along, for the most part, supervised by Mr. Abbot. It has, however, received more or less repairs to its

surface and bridging. In addition to the above a heavy protectory embankment was constructed for the protection of the crops and to afford means for passenger traffic. This work became urgently necessary owing to the river cutting away a portion of the road between the 7th and 8th miles, and the embankment then thrown up at an expense of about Rs. 1,165 will be utilised in the new portion of the actual road to be constructed this year, and for which provision has been made in the estimate. The total expenditure of the year amounts to Rs. 4,244.

Lalpore to Galimpore.—The sole charge of this road was committed to Mr. Abbot and Rs. 700 were advanced to him for carrying out the necessary repairs. The amount was, however, covered by works, but has since been adjusted. It is ten miles in length.

The works likely to be undertaken during the current cess year are excavating channel between Goor and Attrai rivers.

CHAIRMAN'S REPORT.

TEN meetings were held during the year. The Committee comprises some of the best educated native gentlemen in the district. The landed interest is represented by the Hon'ble Rajah Promotho Nath Roy, Bahadoor, Rajah Hurro Nath Roy, Bahadoor, Baboo Krishto Indro Narain Roy, Baboo Rajkumar Sirkar, and Baboo Prosunno Kumar Mozoomdar, the Dewan of Maharanee Shurut Sundary; and the mercantile interest is represented by Mr. Gordon and others.

Mr. Blyth, the Chairman of the Nattore Branch Committee, reports as follows:—

"The Branch Committee of Nattore has worked well throughout the year under report. The greater number of the members of the Committee, save Baboo Rajkumar Sirkar and Baboo Kali Nath Biswas, have been regular in their attendance in every meeting and took a lively interest in the proceedings thereof. Baboo Rajkumar Sircar lives at a great distance from Nattore, and for that reason, I think, he could not regularly attend the meetings. The abstract of the particulars of the Branch Committee meetings for the cess year 1875-76 is herewith enclosed.

"2. The village punchayats, who collect house cess generally, show great unwillingness and inaptitude in collection work, and they never perform their work unless pressed and compelled. It is owing to the punchayats' negligence that great inconvenience and difficulty have been experienced in realizing the house cess in due time."

The expenditure of the cess proceeds on roads and other means of communication in the district and the contributions made from the fund for the improvement of village paths and minor roads on application have convinced the village people that the fund raised is intended for general benefit. Applications for the improvement of minor roads from one village to another or to important marts are now received from all quarters, indicating that the zemindars and the poor ryots all claim the benefit of the fund. There is a great desire evinced on all sides to have the benefit of good roads. The principal and most important work undertaken by the Committee is the improvement of the road from Beauleah to Nattore, 28 miles; and when the whole work has been completed and good substantial bridges have been erected, the people will see that the cess contributed by them for the maintenance of roads was not frittered away. The advantage of the road from Beauleah to Nattore is obvious: it connects the station with the Northern Bengal State Railway.

The collecting establishment consists of a head-clerk and eight under clerks and mohurirs, and they are all hardworking and painstaking and have done good work. The executive establishment consists of a district engineer and a staff of four overseers, one draftsman and one accountant. The survey and levels taken of the Nattore road and the plans and estimates made afford proof of the ability of Mr. Forbes as an engineer, and the Committee are satisfied with the manner in which he has conducted the duties of his office. A statement in the form of appendix A of the Government letter No. 395A, dated the 5th May last, is annexed.

W. H. D'OYLY,
Chairman.

No. 2, dated Rungpore, the 9th January 1877.

From—E. G. GLAZIER, ESQ., Chairman, Road Cess Committee. Rungpore,
To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the annual account of income and expenditure of the Rungpore District Road Fund for the cess year ending 30th September 1876.

2. During this year the expenditure of the fund has been in the hands of the Public Works Department. Although a District Engineer was selected so early as July last, we were not able to obtain his services till two or three days before the close of the year. [redacted]binson, the present District Engineer, was an officer of experience in the Public Works Department, North-Western Provinces, and was selected by us with due care and deliberation. Had his appointment been sanctioned earlier we should have had a better show of work to produce in this report. As it is, the distance of Rungpore from the head-quarters of the Public Works Department, and the constant change of Public Works officials, has rendered Rungpore a *terra incognita* to the Executive Engineer.

Tools and plant	10	5	0.
Total ...	26,803	9	9

There thus remained an unexpended balance of Rs. 1,902-8-1 in the accounts of the Public Works Department.

4. With regard to original works. An estimate a[redacted]nting to Rs. 21,000 for the construction of pucca masonry bridges and culverts on the Dinagepore road was prepared and submitted to me for sanction of Government in the year 1874-75, but up to date no intimation of the sanction by Government has been received. The estimate has, however, been approved by the Commissioner, and the work has been carried on in anticipation of Government sanction.

5. The total expenditure on account of these bridges up to the end of September 1876, and including the expenditure of previous years, has been as follows :—

	Rs.	A.	P.
Bridge No. 1 (completed)	1,008	1	2
Ditto „ 2 „	1,388	0	6
Ditto „ 4	133	0	0
Ditto „ 7 (completed)	1,594	11	6
Ditto „ 8	296	12	0
Manufacture of bricks	512	9	3
Ditto soorkee	14	5	0
Materials at site of work	2,203	2	7
Total expenditure on bridges up to end of September 1876...	7,150	10	0

The expenditure during the present year was Rs. 868 9-?.

6 An estimate for construction of godowns at Sankamari for the reception of materials, lime, coal, timber, &c., amounting to Rs. 691, has been approved by me. A sum of Rs. 190-6 was expended against the estimate by the end of September 1876.

With regard to repairs.

7. With regard to repairs. Repairs were executed on the roads, as per accompanying statement, to extent of Rs. 21,428. Of this sum Rs. 17.083-5-3 were expended on earth-work alone, 7,686,423 cubic feet of earth-work having been thrown up during the past year. The heaviest expenditure has been upon the road from Rungpore to Kurigram, amounting to Rs. 8,095-14-1, nearly 1,900,000 cubic feet having been accomplished. This road forms a portion of what is to be called "the southern emigration road" to Assam, and it is hoped that next year the bridging will be taken in hand. The roads to Julpigoree and Cooch Behar are also very important, and the earth-work has progressed as follows: on the former 1,028,972 cubic feet, on the latter 980,095 cubic feet.

8. These works seem to have been undertaken without detailed estimates being in the first instance prepared and sanctioned. This defect was owing to the Executive Engineer having so much work in hand, both provincial and local, in other districts, that he had not time to prepare detailed estimates.

9. With regard to establishment the net expenditure was Rs. 4,306-5-3. Of this sum Rs. 1,000 was on account of remuneration for the services rendered by Public Works Department's establishment during the year 1874-75.

General Remarks.

10. So little timber or other material is available from local sources for constructing or repairing bridges and culverts on the district roads, that it has been found neces[illegible] advertise for considerable quantities of Sylhet lime, brick, burning coal, and teak-wood beams, piles, and planking; arrangements were subsequently entered into with several contractors to deliver these materials at Rungpore before the close of the rainy season. The contracts were on each occasion drawn up on stamped paper and accepted by me. The aggregate value of the material thus contracted for was about Rs. 20,000. All the teak-wood and coal was received in the district, and the greater part of it stacked on the 30th September 1876.

11. The following changes in establishment have taken place:—Local Supervisor Mr. Patten resigned and his place was filled by Local Overseer Baboo Mohendra Chunder Gupta, appointed by the Committee. The Public Works Overseer, Baboo Behary Lall Mozoomdar, was relieved by Baboo Nitra Gopal Roy 8th July last. So that there has been a total change of establishment. The late rainy season, too, has been a most unhealthy one, even for Rungpore, prostrating the establishment and seriously affecting its power of work.

12. With respect to the conduct of the subordinate officers, I have only to remark that, as the late Supervisor has resigned, there is no occasion for me to give an opinion on his qualifications.

No. 38, dated Bogra, the 6th January 1877.

From—C. F. MAGRATH, Esq., Chairman, District Road Cess Committee, Bogra,
To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the annual accounts under the Road Fund for the cess year 1875-76, and the following short report on the works executed during that period.

BOGRA AND RUNGPORE ROAD.

Repairs.—Extensive surface work was done along this road from the 2nd to the 5th miles, both inclusive. The amount expended during the past year on this road includes the surface repairs to four miles between the 9th and 14th miles executed during the year 1874-75, but which, owing to lack of funds, were not then paid for. The pucca bridge of 3 spans 12 feet each over the Tobul nuddy was repaired, and bricks and lime made and bought for the repairs to a bridge of two bays, each of 14 feet, over the Issamutty. A small sum was also expended for lime to repair certain culverts.

Original works.—There has been constructed a pucca masonry bridge of one span 16 feet over the Mokumtolla khal in the 12th mile to replace a worn-out masonry and wood bridge. The cost, owing to the difference of rates and increased price of lime, has exceeded the estimates by Rs. 122-4-9. The bridge of three bays 15 feet each, in course of construction, over the Gozaria nuddy, has been completed, but the sum expended, owing to the dearness of lime, and the Executive Engineer having made no provision for pucca soorkee plastering, has exceeded the estimates by Rs. 211-7-3.

BOGRA AND DINAGEPORE ROAD.

Repairs.—Under this head stands surface work done to nine miles, viz., between the 5th and 9th and the 39th and 43rd miles. Work was also done in the 17th, 21st, and 22nd miles, but no payment was made for this, as it was not properly done at the time In the 45th mile the beams, planking, and balustrade of the wooden and masonry bridge of two spans 14 feet each were finished, the actual cost being less than that estimated by Rs. 18-0-3.

Original Works.—During the past year a pucca masonry bridge of two spans each of 12 feet over the Tobul nuddy in the 5th mile was finished at a cost less by Rs. 315-10 9 than that estimated. Of the bridge of four bays each of 18 feet in course of construction, over the Share Bukra khal, in the 17th mile, to replace the worn-out masonry and wood bridge there, the foundation of the abutments (counterforts piers), as also the curtain walls and floor of the waterways, have been constructed. Bricks for completing the work have been burnt. The pucca masonry bridge of two spans 12 feet each to replace the worn out masonry and wood bridge there, that was in course of construction, has been finished during the past year, but at a cost exceeding by Rs. 511-14-6 that estimated. This is due solely to the dearness of coal and lime. Four culverts, one of 8 feet span and three of 4 feet [illegible], erected in 1874-75, but not then paid for on account of lack of funds, have been settled during the past year. For the construction of a bridge about to be made on this road, there were over two lakhs of bricks made in the 12th mile during the past year. Of these 170,000 only were available for use.

BOGRA AND NATTORE ROAD.

Repairs.—Surface work was done here along five miles (between the 1st and 5th miles, both inclusive), and the repairs made in 1874-75 to three culverts paid for.

BOGRA AND SERAJGUNGE ROAD.

Repairs.—Extensive surface work was done along eight miles of this road. Work was also done on the 11th, 12th, and 13th miles, but not paid for owing to its incompleted state. Bricks and lime have been made and collected for the repairs of the bridge of 14 feet span in the 13th mile.

Original Works.—Three culverts of four feet span each were constructed in the 16th, 17th, and 23rd miles, but at a cost greater by Rs 112-2-3 than the estimates. This excess is due to the cost of lime and difference of rates. The cost of three culverts erected in 1874-75, but not then settled, was during the past year paid. For the current year's work on this road 845 maunds of lime were purchased and stored.

PHOOLDIGHI CROSS-ROAD.

Petty repairs only were executed here.

BOGRA AND NOWKHILLA ROAD.

Repairs.—Eighteen temporary bridges, constructed by the late special division, were earthed over, and one bamboo bridge [illegible].

BOGRA AND SURRUAKANDY ROAD.

Repairs.—Eighteen temporary bridges made by the late special division were earthed over.

Original Works.—During the past year the materials have been collected for the construction of four saul wood bridges to be made on this road between Bognie and Lurreakandy. Three of these bridges will have 24 feet waterway, and the one over the Issamutty at Bognie, 120 feet.

MUTTYDALLY CROSS-ROAD.

Repairs.—Slight surface work was done to render more easy the approaches to the saul wood bridge here.

Original Works.—A saul wood bridge of 50 feet waterway, was constructed over the Tobul nuddy.

CHANDPORE CROSS-ROAD.

Only some surface work was done here.

BOGRA AND SUBGUNGE ROAD.

No repairs were done here, but some lime for the repairs of certain culverts was purchased.

THE INSPECTION BUNGALOWS.

The inspection bungalows at Subgunge, Booragunge, Doobchachaia, and Panchbeebee had some slight defects made good.

The district roads have been, and are, undergoing a course of repairs so as to render their breadth more uniform and to make their banks more secure.

There were 10 sittings of the committee during the cess year 1875-76, but four times the meeting was adjourned for want of quorum.

The attendance of the members, during the year under review, was as follows :—

No. 851, dated Bogra, the 1st August 1877.

From—H. DAWSON, ESQ., District Superintendent of Police, Bogra,
To—The Magistrate of Bogra.

WITH reference to your memorandum No. 194, dated 27th ultimo, I beg to report as follows regarding the Road Cess.

Working of Road Cess system.—I have never heard any complaints regarding the collection, and I believe the system works well.

Working of Road Cess Committee.—Besides the official members no one appears to take any interest in the work. It is difficult to get a sufficient number together to go on with the work, and meetings are constantly adjourned on this account.

In fact, it appears to me that wealthy natives, who should take an interest in such public matters, do not do so.

Working of Establishment.—I am not acquainted with the work done by the office establishment except that of the accountant. His accounts, or such of them as come before me, are always correct and up to date.

As regards the engineers' establishment, I cannot say that their work is satisfactory. I do not think the roads are in as good a state as they should be after working for upwards of a year, and I am of opinion that a qualified engineer is absolutely required to make the roads what they should, and might, be with the funds under our disposal.

I believe the Executive Engineer of Dinagepore is in some way connected with this district, but as he has not visited the district since I came to Bogra, upwards of a year, we cannot expect much assistance from him.

No. 195, dated Bogra, the 2nd August 1877.

Memo. by—T. E. COXHEAD, ESQ., Officiating Magistrate.

COPY forwarded to the Commissioner in reply to his No. 217 of the 23rd ultimo, on the working of the road cess system for 1875-76. I cannot report from personal experience of the period under review, but I have every reason to believe Mr. Dawson's statements are correct.

DWARKA NATH ROY,
Vice-Chairman.

C. F. MAGRATH,
Offg. Magistrate and Chairman.

No. 1260DR, dated Pubna, the 19th November 1876.

From—F. W. J. REES, Esq., Chairman of the District Road Cess Committee, Pubna,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the annual report of the District Road Fund operations for the cess year ending on the 30th September 1876.

2. At the close of the preceding year there was a balance of Rs. 1,868-13-7, including advance outstanding, but the balance at credit of deposit, that is, on account of Government grain distributed during the late scarcity, amounted to Rs. 8,591-10-9, so that in point of fact in the year under report we had to start with a deficit of Rs. 6,722-13-2. The total receipts of the year amounted to Rs. 17,594-6-3, out of which Rs. 13,591-10-9 was received as Government grant, *vide* Government orders Nos. 364 and 1242, dated 20th July 1875 and 9th March 1876 respectively. Rs. 8,591-10-9 was granted with a view of clear off the deficit balance on account of Government grain, and Rs. 5,000 for expenditure on road works; so that the total amount available for expenditure on road works, &c., was Rs. 10,871-9-1. This sum was made up of Government grant, Rs. 5,000, balance at close of preceding year, Rs. 1,868-13-7, and receipts from local sources, that is the ferries, road cess, otherwise than fines under section 6, Part II of Act X (B.C.) of 1871.

3. The total expenditure of the year amounted to Rs. 10,705-14-3, leaving a balance of Rs. 165-10-10. The details of the expenditure have been given in the annexed tabular statement, from which it will appear that Rs. 6,091-9-1 was expended on account of establishments, both for road work as well as for management and collection and contingent charges. Rs 588-3-2 was spent on refunds, that is, Rs. 96-3-2 was refunded as road cess fine, and Rs. 492 was refunded to Government under Government order No. 18R, dated 4th January 1876. Rs. 2,120-8-6 was spent on original work, of which Rs. 1,772-12-3 was paid to Executive Engineer on account of the Chandaikona road for work done in the preceding year; Rs. 347-12-3 was paid as compensation for land for the Chinakora and Malanchi roads; Rs. 1,905-9-6 was expended for the repair and maintenance of nine roads. Thus, it will be seen that little or no actual road work could be done during the year for want of funds. The usual Government grant of Rs. 10,[illegible] was curtailed this year with a view to adjust the expenditure on relief works.

4. The following original works and repairs are proposed to be undertaken during the ensuing year, estimated cost of Rs. 33,220-12, that is, Rs. 12,692-8, on account of original works and Rs 20,528-4, on account of repairs:—

No. 149, dated Dinagepore, the 17th February 1877.

From—H. G. COOKE, Esq., for Magistrate of Dinagepore,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

UNDER section 89 of Act X of 1871, I have the honor to submit a copy of the road fund accounts for the cess year ending 30th September 1876, with a report of the work done and in progress during the year.

2. My preliminary report under Government Circular order 50 of 23rd July 1873 was submitted with my No. 1064 of 12th July 1876.

3. The Road Fund Committee met regularly on the fourth Friday in every month, except in September 1876, when the Doorga Pooja prevented attendance, and in December 1875, when special meetings were held on the 10th and 17th. The total number of meetings during the year was 13.

4. At each meeting the accounts of the Executive Engineer and of the Magistrate were examined in detail, expenditure passed, and business brought up to date. Latterly the treasury pass-book also has been regularly compared with the accounts of the road fund kept in the Magistrate's office.

5. The attendance of members has been as follows:—

	Times present.
Ex-officio Members.	
Magistrate	7
Senior Covenanted Assistant.	
H. W. Gordon, Joint-Magistrate (left)	3
C. M. W. Brett, Assistant Magistrate (left) ...	5

,, Mohesh Chandro Sen (left)	1

Seraj-ood-deen Mondol (non-resident)	1

Of the other members, Roy Khetro Mohan Singh Bahadoor, the representative of the Rajbaree estates, was absent during the year, and most of the others reside in the interior and did not attend any meetings of the Committee. Two members, however, Golok Chandro Sen and Greesh Chandro Chuckerbutty, though they reside in the town, have not attended one meeting, and it would be desirable to remove them from the Committee.

6. I cannot consider the working of the Committee satisfactory. In five meetings out of 13 there was no quorum, and I cannot report favourably of the interest generally taken in the proceedings by those members who did attend.

7. The district road works having continued under the Public Works officers during nearly the whole of the year under review, the question of the usefulness of representative ryots and other mofussil residents as members of the Committee has scarcely been tried. It is proposed in the present year to assign to mofussil members in one or two instances funds for expenditure on petty repairs of roads in which they are personally interested, but which are also of public benefit. If the result is satisfactory, this system may in future be further extended.

8. My knowledge of the roads is, as last year, acquired almost entirely from personal observation, and I have been able to see many more miles of them than I could during the previous year, for a portion only of which I was in charge of the district.

9. I will mention each road in turn, as I did in my report last year.

No. 1.
Rungpore Road, 24 miles.

10. In my preliminary report of 12th July last I explained how, in the belief that this road would be undertaken as a provincial work, nothing was done until the season was far advanced. Rs. 1,790 were spent on earthwork, and Rs. 467 on petty repairs to bridges, Rs. 237 on clearing a track at the foot of the slope, to which traffic may be diverted during the dry season. This is necessary as much of the road is light sand, which suffers much from traffic except in the rains, and costs much money to repair. The clay portion of the road was very bad during the rains, from fresh earth having stupidly been thrown over its whole width, leaving no consolidated portion for traffic. A special estimate has been prepared by the Executive Engineer for putting the bridges on this road in thorough order, but this and straightening the road is more than the district fund can afford. As, however, it is the road from Dinagepore to the railway, a large sum has been allotted to it for 1876-77. The road was never laid out straight, and has been much injured by years of encroachment and injudicious excavation of earth. For the current year we have allotted funds for this road as follows:—Surface work Rs. 2,000, widening Rs. 1,000, well-pot culverts [illegible]00, timber top to bridges Rs. 3,000, brickwork to bridges Rs. 3,000, masonry culverts [illegible]total Rs. 12,000.

No. 2.
Maldah road, 35 miles.

11. *Expenditure*—Earthwork Rs. 2,634, bridges Rs. 20, cart track below slope Rs. 713, jungle cutting Rs. 218, &c., &c. The principal work has been repair of the embankment, which, not being properly protected by a berm, suffered much every rainy season. Much still requires to be done in raising, widening, and perfecting the slope. Owing to new clay being thrown on, the road was passable for wheeled carriages for 15 miles only during the rains. For the current year we have allotted for surface work Rs. 1,700, widening and raising Rs. 1,500, timber tops Rs. 500, brickwork Rs. 1,000; total Rs. 4,700.

No. 3.
Moorshedabad road, 52 miles.

12. This road not having been under the Magistrate has long been neglected, and requires very expensive repairs, more than we have money to do in one season. In many parts it requires raising three feet, and many masonry bridges are broken down. *Expenditure*—Earthwork Rs. 2,489, bridges Rs. 895, cart [illegible]d Rs. 607, &c., &c. None of the work requires special comment. We have allotted for the [illegible]rent yet for culverts Rs. 500, earthwork Rs. 5,200, timber tops Rs. 1,000; total Rs. 6,700.

No. 4.
Darjeeling road, 58 miles.

13. *Expenditure*—Earthwork Rs. 2,364, cart track Rs. [illegible],277 The latter was expensive, as it included a lot of jungle clearing. This road does not require very much expenditure, from the rarity of bridges and the general elevation of the country. The jungle, however, requires clearing to some width at [illegible]nagar, where traffic is often stopped by tigers. The Purneah portion of this road, between Atwa[illegible] and Titalya, not having been kept in proper repair, expenditure on our portion has been [illegible]tless, except for communication within the district. We have allotted for the curre[illegible]r for bridges Rs. 2,000, earthwork Rs. 2,000, jungle cutting Rs. 1,000, part of the road [illegible]ing dangerous from tigers; total Rs. 5,000.

No. 5.
Bogra road, 38 miles.

14. *Expenditure*—Earthwork Rs. 4,404, cart road Rs. 638, &c., &c. Much is still required on this road in bridge repairs and earthwork, especially a large bridge over the Echamattee. An overseer employed on probation attempted to defraud the road fund by false measurements, but it is hoped that he was not successful; his later bills were considered suspicious, and not paid. His prosecution has been ordered. We have allotted for a bridge over the Echamattee Rs. 3,000, timber tops to bridges Rs. 3,000, earthwork from

Dinagepore to Sahibgunge Rs. 500, to Sonighiya Rs. 300, to Chintamon Rs. 625, t Soutapeer Rs. 600, the remainder Rs. 100; total Rs. 7,625.

15. *Expenditure*—Earthwork Rs. 1,230, cart-track Rs. 237, &c., &c. A number temporary bridges made during the famine having faile large expenditure on bridges will be required for some yea to come. We have allotted fo 1876-77 for repairs to earth work Rs. 1,000, to culverts Rs. 1,000, timber top bridges Rs. 1,000; total Rs. 3,000.

No. 6. Purneah road, 40 miles.

16. *Expenditure*—Earthwork Rs. 2,436, cart-road Rs 673, &c., &c. Three culver and a large bridge required. The same fault here as elsewhe in rendering the whole width of the road impassable wi fresh clay. We have allotted Rs. 3,000 for three bridg north of Gungarampore thana, for earthwork Rs. 400; tot Rs. 3,400.

No. 7. Gungarampore and Nowbazar road, 21 miles.

17. *Expenditure*—Earthwork Rs. 2,575, &c., &c. This road was unfortunately le incomplete when famine works were closed, and sever miles remain totally unmade. It is important not only f through-traffic with Kishengunge, but as being the on direct road from head-quarters to thanas Peergunge and Raneesankool, to the Nekma fair, and to the north-west of the district generally. It is intended annually to spe money on it, to complete a narrow road with temporary bridges, gradually to widen it a put in permanent culverts, and lastly to put in permanent bridges For 1876-77 we ha allotted for repairs to earthwork Rs. 500, new earthwork Rs. 4,000, culverts and temp rary bridges Rs. 3,000; total Rs. 7,500.

No. 8. Kishengunge road, about 40 miles.

18. Nothing spent; expenditure useless unless Julpigor complete the road beyond our border. We have allott Rs. 480 for petty repairs

No. 9. Julpigoree road, 25 miles.

19. Expenditure on this road was too small to require comment. There is enormo traffic in the dry season, jute being carried from Julpigor and Northern Dinagepore to Roygunge, but it is not impo ant for police purposes. We have allotted Rs. 3,000 petty repairs to earthwork and culverts.

No. 10. Roygunge-Taryia road, 60 miles.

20. This is another great road for jute traffic, but is also important as connecti the police stations of Thakoorgaon, Peergunge, and Hem bad. Part of it also connects Roygunge with head-quarte The principal expenditure was Rs. 1,349 on earthwork, c pleting what was left unfinished during the famine 1876-77 we have allotted Rs. 1,000 only for petty repairs.

No. 11. Raygunge Thakoorgaon road, about 30 miles.

21. This is a very important road leading from head-quarters to A nagar a Hemtabad thanas, and to the great marts of Roygun and Chooramon. Much of it has been passable during t rains, but the temporary bridges are now fast giving w During the year expenditure has been small, Rs. 216 on earthworks, Rs. 158 on the lower cart-track, &c., &c. We have allotted for 1876-77 earthwork and repairs Rs. 820, and for bridging Rs. 1,180; total Rs. 2,000.

No. 12. Dinagepore (Birol, Akhanagar, Doorgapore) Chooramon, about 40 miles.

22. Part of this road is important as connecting Hemtabad thana with he quarters. Expenditure was very small, chiefly on repairs earthwork. For 1876-77 we have allotted Rs. 320 to spent in repairs between Akhanagar and Hemtabad, Rs. 5 on earthwork, and Rs. 540 on repairs to culverts, & between Bindol and Hemtaba

No. 13. Bindol, Hemtabad, Akhanag Doniyadpore, about 32 miles.

23. *Expenditure*—Earth rk Rs. 168, bridge repairs Rs 35, &c., &c. This r will require some heavy bridging which should be done, it connects Raneesankol thana with head-quarters. 1876-77 we have allotted for a bridge Rs. 1,000, earthw Rs. 140, culverts Rs. 700; tota Rs. 1,840.

No. 14. Ranisankol Peergunge, 7 miles.

24. This road is of s ne importance as connecting two thanas, and was unfinished during the famine. Rs. 1,221 have been expen on earthw and considerable expenditure will be nee ridges. For 1877 we have allotted for earthw Rs. 340, for a bridge Rs. 1,000 culverts Rs. 1,000; total Rs. 2,340.

No. 15. Peergunge Beergunge, 18 miles.

25. No expenditure; kutcha bridges almost entir broken, and roadway much cut up. We have only allot Rs. 120 for petty repairs.

26. *Expenditure.*—Bridge and culverts Rs. 72. This was spent by mistake of the o seer, nothing having been allotted to the road. It is intended to spend money on it in 1876-77.

No. 17. Raneesankol, Hareepore.

27. Rs. 84 have been expended on a cart track below road; this was a mistake. We do not allot money to it.

28. Neither expenditure nor allotment; the roads being generally unfinished and of little importance.

29. I mentioned this in my report last year as one of the most important grain routes in the district, but untouched during the famine. Nothing has been expended on it during the year under review, but for 1876-77 we have allotted Rs. 2,500 to it.

Bhatkora to Potnitola.

30. No expenditure in 1875-76 or allotment for 1876-77. The roads are not important, but other roads have greater claims.

No. 34.
Neetpore via Mahadebpore to Railway at Shatahar.

31. This unfinished railway feeder road has been neglected during the year, and for 1876-77 we have been able to allot no more than Rs. 300 for petty repairs to make the finished portion passable.

No. 35.
Omallahespore to Potnitola, 7 miles.

32. Nothing was spent in 1875-76. I saw the road, which is not important, but we have only been able to allot Rs. 150 to it.

33. No expenditure, principally because the engineering staff was not in working order for 1876-77. Rs. 200 have been allotted to the length from Potnitola to Mohadebpore, which it is proposed to give to the zemindar of Jahangeerpore, who lives at Mohadebpore, to expend on petty repairs.

No. 36.
Somjhiya Tara, Potnitola, &c.

34. For the rest of the road, a length of 28 miles, we have assigned Rs. 1,400 for earth-work and repairs, and Rs. 2,240 for bridging, which for this season must be confined to well-pot culverts and kutcha bridges.

35. Instead of the present circuitous route by the Bogra road and Somjhiya, it is intended to complete a road (No. 53) from Dinagepore to Tara Bunder, left unfinished during the famine; but always used in the dry season. During 1875-76 only Rs. 18 was spent in petty repairs to the finished portion, but eight miles will form a new work, which it is proposed to complete this season. Rs 300 have been allotted for the maintenance of the completed portion, Rs. 3,600 for original earth-work, and Rs. 400 for temporary bridges.

36. This road is a very important one. At present it is almost impossible to reach the thanas of Poteeram, Potnitola, and Mahadebpore during the rainy season.

37. Rs. 2,000 were allotted to this road during 1875-76, but owing to the want of a District Engineer, and to neglect of duty on the part of the overseer of the Central Division, no estimates were prepared, and no work done.

No. 37.
Baloorghat to Farseepara, 6 miles.

38. This road is complete with temporary bridges. Rs. 200 have been allotted for petty repairs, which it is proposed to expend through Serajud-deen Mondol, of Farseepara, a mofussil member of the Committee.

No. 38.
Potnitola, Farseepara, Damdama (in Bogra.)

39. The road is very incomplete. Nothing has been expended on it or allotted to it.

No 39.
Baloorghat to Hillee.

40. Neither expenditure nor allotment.

No. 40.
Poteeram to Hillee.

41. An unfinished railway feeder road on which we have as yet spent nothing since the famine. We have allotted Rs. 2,600 for completion of earth-work and culverts between Chintamon and Poteeram, Rs. 500 for the one mile east of the Jamoona, and Rs. 100 for the portion from Chintamon to the Jamoona.

No. 41.
Phoolbaree *viâ* Chintamon to Pooteeram.

42. This is a railway feeder road, left unfinished during the famine, and as we have spent nothing on it since, it is not passable during the rains. For 1876-77 we have allotted Rs. 2,000 for earth-work, and Rs. 1,000 for culverts and temporary bridges.

No. 42.
Phoolbaree to Somjhiya, 14 miles.

43. This road will probably be very important when finished, as there is a moonsif, sub-registrar, and a railway station at Phoolbaree, from which it leads direct to head-quarters.

44. I have applied for sanction to taking the ferry over the Jamoona on this road under official control.

45. This is also an unfinished railway feeder road. We have allotted Rs. 500 to complete a mile nearest to the railway. I understand that the Engineers at work on these roads did nothing within a mile of the railway, in order to avoid competition for labour. This mile will therefore connect the railway with what they completed.

No. 43. Phoolbaree to Baochondee in Rungpore.

46. Also an unfinished railway feeder, on which we have hitherto spent nothing, but have allotted Rs. 500 to complete a mile near the railway as in the road last mentioned.

No. 44. Phoolbaree, *viâ* Kashdoho to Peergunge in Rungpore.

47. An unfinished railway feeder, on which we have hitherto spent nothing. We have allotted Rs. 1,200 for earth-work and Rs. 800 for culverts on the portion between Beerampore railway station and Nawabgunge thana.

No. 45. Beerampore, *viâ* Nawabgunge to Kashdoho.

48 A railway feeder, on which the overseer spent Rs. 30 by a blunder. I doubt this road ever being a very important one, and we have only allotted Rs. 100 for petty repairs.

No. 46. Hillee to Ghoraghat.

49. An old road of much importance, and a railway feeder, completed during the famine. Expenditure in 1875-76 on earth-work Rs. 746, cart track Rs. 140, &c., &c., total Rs. 953. For 1876-77, we have allotted Rs. 440 for earth-work, and Rs. 2,000 for bridging.

No. 47. Beerampore to Ghoraghât, 22 miles.

50. Completed with temporary bridges. Expenditure of 1875-76 none. We have allotted Rs. 180 for petty repairs.

No. 48. Nawabgunge to Bhadooriya.

51. No expenditure except on mile-posts. Road completed in famine with temporary bridges. Allotment for petty repairs Rs. 280, and to connect it with the Rungpore road, Rs. 200.

No. 49. Bhooseebondor road, 11 miles.

52. Expenditure on repairs to earth-work and temporary bridges Rs. 136. We have allotted Rs. 850 for earth-work, and Rs. 1,360 for bridging in 1876-77.

No. 50. Gangarampore to Poteeram, 17 miles.

No. 51. Nowbazar to Bhatkara.

No. 52. Gahgarampore to Jambolee.

53. No expenditure and no allotment.

No. 53. Dinagepore to Tarabunda.

54. I have already mentioned in paragraph 35.

No. 54. Roygunge to Doorgapore, 8 miles.

55. No expenditure. Allotment Rs. 500 for earth-work, and Rs. 540 for bridging.

56. Reviewing the whole work of the year, I consider it very far from satisfactory—a result which I attribute entirely to the want of a sufficient staff. A District Engineer, Mr. Vanzieu-lecom, was appointed during the year, but as he did not arrive till the 4th September, he did not much influence the outturn of work.

57. I need not here recapitulate the reasons which led the Committee to allow an establishment of six overseers. I will say briefly that the mileage of these district roads which the Committee endeavours to render passable is little less than a thousand miles, and that in four directions roads extend to a distance of more than fifty miles from head-quarters. It has therefore been considered that a central division should be formed with a radius of about thirteen miles from head-quarters, and four other divisions, each under a separate overseer, a sixth man being kept for special work or to supply vacancies from illness or other causes.

58. The pay of the overseers was intended to commence at Rs. 100 per mensem, selections being made as they showed their competence, until the full staff should consist of two men on Rs. 200, two on Rs. 150, and two on Rs. 100.

59 In answer to an advertisement for overseers, several scores of applications were received, but very few of the applicants appeared to possess the necessary qualifications.

60. Selections were, however, made, and four men were allowed to commence work on probation. Had more been taken, small as the out-turn of work has been, it would have been still smaller.

61. Mr. P. Bu[illegible] appointment having culverts sanctioned, his pay has been raised to to Rs. 200, besides horse allowance at Rs. 15 per mensem. He has been in charge of the northern and latterly of the western division also, and, except from interruptions to his work from ill-health, has given satisfaction.

62. Mr. A. [illegible]'s appointment was not sanctioned in the first instance, but as his work was good and he made strenuous efforts to pass the necessary examination, he was allowed to continue on probation, and renewed efforts were made to obtain sanction to his appointment; but as it has been finally refused, the District Engineer has been directed to dispense with his services, which will be a serious loss to the Committee, as he is quite qualified to perform the work required on roads and bridges. He was ill for a long time and unable to work.

63. Mr. W. J. Simington was found unable to perform the necessary office work, and was discharged in November 1876. He had often been out of work from illness.

64. Recently the appointment of Mr. Abbott has been sanctioned by Government, but he does not appear to be of much use.

65. Another European overseer's appointment was sanctioned, but he has not joined.

66. A native appointed to the central division from the Public Works Department, not by the Committee, was found quite useless, and resigned as soon as an attempt was made to get some work out of him.

67. Owing to the difficulty of getting a proper staff, much necessary work for which funds had been allotted remained undone, and this appears likely to be the case again during the current year.

68. A quantity of timber, lime, and coal has been contracted for, and some delivered. The cost will be charged to each work as it is used.

69. Collection of the road cess commenced on the 1st October 1875, the necessary valuations having been completed on the 20th May 1876. The Deputy Collector's establishment has, however, been retained to prepare certain statistical tables, and has cost Rs. 799-9-3 since the valuations were finished.

70. Deputy Collector Sreenath Bhadro, who has been in charge of the work, has not succeeded in making his men work satisfactorily, and I think much of this expenditure should have been saved.

71. The cess on lands is collected with the land revenue without difficulty. The collection of house cess has been less satisfactory. The people of course evade the payment till they learn that they cannot avoid it, and the canoongoe deputed to the interior to realize it has fallen ill and given up work. The annual demand of house cess is Rs. 9,197, and of cess on lands Rs. 74,747. There is also an income of Rs. 4,871 from ferries, three of which have been transferred to the Municipality of Dinagepore, causing a loss of revenue of Rs. 1,520.

72. There are, however, numerous ferries on important roads which ought to be taken up by the committee, and funds spent in compensation to the present owners would produce a very large income from letting the ferries in farm.

73. Office establishments are not yet fully organized, and it is useless at present to report on them.

DINAGEPORE MAGISTRACY;
The 25th November 1876.

No. 20RC, dated Camp Kalimpong, the 11th December 1876.

From—J. WARE EDGAR, Esq., Deputy Commissioner of Darjeeling,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the local improvement report prescribed in Bengal Government circular No. 8 of the 6th March 1873, and accounts, together with estimates of the receipts and expenditure, of the Local Funds during the cess year 1875-76.

2. The actual receipts brought to credit of the Local Funds during the past, as well as the total sums shown in the treasury books as expended by them, will not agree with the estimates submitted at the beginning of the year. The reason for this is that large sums have been received as special grants for special works. Since the opening of the year, these sums, though not under the control of the local road committee, have been, by direction of the Account Department, included in our accounts both on the receipt and expenditure sides.

The principal items amongst them are Rs. 18,000 sanctioned for the road from Kurseong to Silligoree *viâ* Punkabary, in Government orders (Financial) No. 1171, dated 17th April 1876; Rs. 1,000 allotted to the Balasun road in your office letter No. 25LD of the 6th August 1875, but not realised till after 30th September; Rs 6,500 sanctioned for the Nepaul road in Government orders No. 3232, dated 28th June 1875; Rs. 4,440-3-9 sanctioned on account of Government grain expended in relief works in 1874; Rs. 16,010 sanctioned for the Thibet road in Government, Department of Public Works, orders No. 540T of the 20th September 1875 and No. 3079A of the 24th August 1876; and Rs. 4,142-8-10 drawn out of the sums allotted to Rungearoong Botanical Garden, under the Lieutenant-Governor's minute of the 14th September 1875, and Bengal Government No. 1114 of 10th April 1876, to the address of the Commissioner of Rajshahye and Cooch Behar division. The total receipts of the local funds, including the balance of the last year, and all items, whether under control of the local committee or not, were Rs. 83,952-7-9, and the total expenditure was Rs. 56,271-5-6. The total balance on the 30th September was Rs. 27,681-2-3, out of which Rs. 14,872-10-0 belonged to the special grants, and Rs. 12,808-8-3 was the actual balance of the ordinary local funds. This last sum was nearly the amount allotted to permanent bridges which we were unable to construct last year.

3. The Road Cess Act was extended to this district during the year, but difficulties have been found in the interpretation of section 9, and I understand that they will be made the subject of legislation. The preliminary work will not in any case be finished during the coming year, and no income can be expected from that source. The extension of the Act has had, however, the effect of checking the payment of voluntary subscriptions previously promised, as many of the subscribers are under the impression that the cess will be levied immediately.

4. The most important work which we have had on hand during the year has been the Thibet road. In my special report No. 284L of the 3rd July 1876 I described the work then done as follows :—

(1) Between Darjeeling and the Teesta there was the Runjeet road maintained by the Public Works Department, and a continuation of the Tukdah road opened by Mr. Munro over the Pashak spur, which I proposed to have widened and improved.

(2) The road from the Teesta cane bridge to the Sikhim frontier, which had been realigned beyond Kalimpoong; and

(3) The 1st section of the road to the Jelep pass through Sikhim, which had been opened up and partially constructed and all the streams well bridged.

5. Since that report there has been much progress. A portion of the road to the Teesta, *viâ* Pashak, has been greatly improved. I have arranged with Mr. Munro for the widening and bettering of the portion near Pashak, and have taken measures for the reconstruction of some bad portions of the remainder this season. In consequence of the site of the permanent Teesta bridge being higher than the end of the existing road, it will be necessary to make a new road between the Teesta and Kalimpoong ridge. From Kalimpoong to the frontier the road requires considerable expenditure to make it thoroughly good, but an excellent beginning has been made. The portion of the road through Sikhim made last year is being improved and widened. Beyond the Lengdam stream, where the termination of last year's work, a very fair road has been made with some breaks, to about three miles off from the frontier, and I hope that these breaks will be completed before the work is stopped by the heavy snows.

6. The northern Nepal road has been extended about [illegible] and Tonglo to the frontier at Phulloot, and an inspection bungalow has been put up [illegible]. The new road is a fair one. In some places it needs considerable improvement, and, unless looked after carefully, will suffer much during the coming rains.

7. The south Nepal road has been opened from its junction with the north Nepal and Goompahar roads for a distance of 18 miles to a point near the [illegible] garden, from whence it is to be extended to the Balasun at a point close to the proposed site of the Balasun bridge. The portion of the road which has been completed is in fair order, and I hope to make it very good before the rains.

8. Considerable progress has been made in the Balasun road from Panighatea to Nanshoo, but much remains to be done both in widening the road and improving the construction.

9. The Punkabaree road has been much improved and is now in as good order as can expected of an unmetalled road with heavy cart traffic.

10. Some efforts have been made during the year to improve the sanitary condition the Terai hâts of Phansedewah and Nattegarah, the receipts from which are credited to t local funds. I have not visited these hâts since the rains, and cannot threfore say what succe the measures taken have had.

11. The petty repairs, &c., undertaken during the year on the remaining district roa and works do not call for detailed report.

No. 119RC, dated Darjeeling, the 31st July 1877.

From—J. WARE EDGAR, Esq, Deputy Commissioner, Darjeeling,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

WITH reference to your No. 217 of 23rd instant, on the subject of road cess committe I have the honor to state that no committee has yet been appointed in this district.

2. The establishment consisted of one overseer appointed under Bengal Governmen Department Public Works, No. 3028 E, dated 31st July 1876, to your address. He has n given satisfaction, and in my letter No. 102RC, dated the 18th June 1877, I recommend that his services should be dispensed with.

DARJEELING,
The 17th November 1877.

J. WARE EDGAR,
Chairman.

No. 28, dated Julpigoree, the 20th November 1876.

From—F. W. V. PETERSON, Esq., Deputy Commissioner, and Chairman, District Road Cess Committee, Julpigoree,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the annual report for the cess year 1875-76, together with a detailed statement of the income and expenditure for the same.

2. In the year under review the maximum number of Road Cess Commissioners was 24, of whom eight were Europeans, and there were seven official to 17 non-official members.

3. The following was the list at the close of the year:—

Names of Members.	Number of meetings attended
F. W. V. Peterson, Esq.	4
Major R. C. Money	6
„ E. Y. Walcott...	...
W. O'Reilly, Esq.	*Nil*
E. M. Reilly, Esq.	*Nil*

„ Hara Prosad Das	8
„ Preonath Mookerjee	5
„ Roghoonath Aswal	3
„ Khetra Prosad Mookerjee	1
„ Harish Chandra Das	3
Moonshi Mahomed Toricoolah	3
„ Fakir Mahomed	*Nil*
„ Rohim Baksh	4

4. Messrs. Cosserat, R. H. Renny, W. C. Muller, and Baboo Purna Chandra Ghose, having permanently left the district, were struck off the list; in their places Messrs. O'Reilly, A. W. Scanlan, and Baboo Chandra Kali Moonshi were appointed.

5. Ten meetings were held during the year, and a sub-committee lately appointed for the audit of accounts sat once.

6 The office of Chairman was successively held by Major E. Y. Walcott, Major R. C. Money, and F. W. V. Peterson, Esq.

RECEIPTS.

7. The cash balance at the close of the year preceding was Rs. 2,252-2-11; this, together with the collection from the undermentioned sources, gave an income to the Road Cess Fund of Rs. 50,417-5-5.

8. The demand on account of cesses amounted to Rs. 15,716-9-4; the realization was Rs. 14,646-12-4; remissions Rs. 521-3-10, and the outstanding balance on the 30th September 1876 was Rs. 548-9-2.

9. The item remissions, Rs. 521-3-10, represents a transfer from road cess to Estates Improvement Fund of the sum realized from the jotedars of the Dooars.

10. There are 64 [illegible] for this district, which were sold at auction for the sum of Rs. 6,382, of which amount Rs. 6,002, together with Rs. 534-8 on account of arrears for 1874-75, have been realized.

11. The Government grant-in-aid this year was Rs. 10,535-0-8; of this sum, however, Rs. 2,500 only were received, to the Road Fund; of the rest, Rs. 4,857-14-2 were paid to the Public Works Department for work done in the district by that department on its own responsibility, and Rs. [illegible] were paid to the Government of India as cost of grain expended during the famine.

12. The contribution from the Estates Improvement Fund and Rs. 10,000 received from the Cooch Behar estate for repair of the local roads in Boda principally account for the income under head miscellaneous.

DISBURSEMENTS.

13. The establishment consisted of one head clerk, two section-writers, six mohurirs, and fourteen peons, and one assessor for one month; and the expenditure on the above amounted to Rs. 3,885-15-8, or a little over 24 per cent. on the cess collected. The result is decidedly unsatisfactory, but unavoidable: the Dooars, consisting of some 5,000 jotes, many very small, gave a great deal of work to the assessment and collecting department, and in return afforded but a mite to the income.

14. Road cess taxation amounts to a fraction over 8 pies per head of population.

15. Under the head of working establishment are included the—

	Rs.	
District Engineer	250	per mensem.
Accountant	60	,,
Clerk	20	,,
Overseer	52	,,
Sub-overseer	40	,,
Ditto	25	,,

And three peons at Rs. 6 each per mensem.

16. Considerable difficulty was experienced in obtaining an accountant; the appointment was advertised, but no man of experience offered himself, and it was only at the close of the year that the services of the present incumbent were obtained through the Examiner of Claims.

17. The following works provided for in the budget were undertaken:—

	Names of roads.	Amount as per budget.	Amount expended.		
		Rs.	Rs.	A.	P.
Dooar road ...	1. Julpigoree to Haldibaree ...	7,600	6,570	0	3
	2. Ditto to Bakalee ...	100	485	15	1
Roads east of the Teesta.	3. Ditto to Poharpore ...	300	1,341	6	11
	4. Ditto to Ranghamatee	300	795	12	3
	5. Ditto to Silligoree ...	2,000	2,294	9	6
	6. Ditto to Boda ...	4,000	2,690	9	11
	7. Ditto to Kassiabaree ...	1,000	477	7	4
	8. Sudder station roads ...	1,250	2,035	1	11

18. The first road which was undertaken was that from Julpigoree to Haldibaree; it is about 60 miles long and is at right angles to the courses of all the rivers in the district. The bridges were firstly made passable when His Honor the Lieutenant-Governor went to Buxa, and were again thoroughly repaired later in the season. The number of bridges is 61, with spans varying from 10 feet to 130 feet. All were more or less decayed, and in repairing them, the greater part of the amount sanctioned for this road was expended. Two large new bridges were commenced, but, owing to want of funds, not finished within the year. As far as earth-work is concerned this road is in first-rate order but the bridges, being of timber, require constant repair.

19. On the road from Julpigoree to Bakalee, both the bridging and earth-work were thoroughly repaired; this road is a portion of the main communication between Julpigoree and Cooch Behar. Rs. 485-15-1 were expended on the three miles. Why this small piece is left under the Road Cess Committee, whilst the rest of the line from Tilalyah to Cooch Behar is under the Public Works Department, is beyond my comprehension.

20. In the budget a sum of Rs. 720 was allotted to the Moynagooree and Amharee road, and Rs. 1,000 to the Fallacotta and Banchapara road; but as the funds had no money in hand till quite the close of the year, when the September kist was paid in, these two roads were left for construction during the present year.

21. On the Paharpore road, a bridge of 30 feet span was pulled down and rebuilt; repairs were also done to the other bridges, chiefly in replacing broken planks on the roadway and constructing wing walls, from want of which the approaches had been washed away.

22. The road from Julpigoree to Ranghamatee had similar repairs done to it, and it was throughout the year in excellent order.

23. The Silligoree road is 24 miles in length, and the bridges and culverts on it number 56; the wear and tear of this road is considerable, owing to the heavy wheel traffic. Two old and dangerous bridges—one of 40 feet span, and the other [illegible] feet span—were pulled down and rebuilt at a cost of Rs. 1,636-8-10; the roadway [illegible] good condition during the year.

24. The budget allotment for each of the three last-mentioned [illegible] was exceeded; this was owing to the fact that no detailed estimates had been [illegible] simply a guess given at the amount which would probably suffice for repairs.

25. The sum of Rs. 2,690-9-11 was laid out on the Julpigoree [illegible] road, 30 miles in length; there are 58 bridges on the first 28 miles of this road. [illegible]irs were undertaken along the entire line and the bridges were here and there [illegible]up, but want of funds and scarcity of good timber, to provide which no steps had [illegible] the previous season, prevented complete repairs to the road.

26. On the Julpigoree and Kassiabaree road, [illegible] large bridge was [illegible]ly repaired and two smaller ones made passable; surface repairs [illegible]e also carried out to the worst parts of the road, which, however, even now is of little importance, as the Cooch Behar portion is impassable during the rains, and will be of still less importance as soon as the [illegible]way which runs parallel to it, is opened.

27. Rs. 1,250 were allotted to station roads, but Rs. 2,035 were expended; the excess expenditure was incurred in entirely rebuilding the bridge of 40 feet span in the main road in Julpigoree. The bridge was giving way and it was absolutely necessary to replace it, otherwise cart and carriage communication between the cutcheries, the civil station, and the town would have been cut off, and no vehicles could have reached the ghât for crossing the Teesta.

28. The accounts show Rs. 22,600 expended in repairs, whilst the entries in paragraph 17 amount to about Rs. 16,700; the difference between the two items has been spent on local roads in Boda Chandanbaree from the grant of Rs. 10,000 (included under miscellaneous on the receipt side) from the Cooch Behar estate.

29. The year's programme has not been carried out because—first, the cess was not levied at the full rate; it was a great mistake to appoint a comparatively speaking large engineering establishment, and then the rate at one pice per rupee: secondly, the time for purchasing and preparing wood was allowed to pass without any provision being made for the requirements of the following working season; without large quantities of good timber not five miles of any road in the district can be kept in passable order: and thirdly, no detailed estimates appear to have been framed in the absence of these. Only when the work was in hand was it discovered that either more than the estimated amount must be spent, or the less amount just thrown away and the road left not simply in bad order, but altogether impassable.

No. 186, dated Julpigoree, the 26th July 1877.

From—T. D. BRIGHTON, ESQ., Deputy Commissioner, and Chairman, District Road Cess Committee, Julpigoree,

To—The Commissioner of the Rajshahye and Cooch Behar Division. Darjeeling.

WITH reference to your memorandum No. 217 of 23rd July 1877, forwarding Government of Bengal's letter No. 582A of 21st July 1877, I have the honor to submit the following report:—

(*a.*) The road cess system works well in this district. The people appreciate it advantages, and no objection in any shape has been raised to its operations.

(*b.*) From the tabular form annexed it will be seen that there are 24 members in the committee—eight officials and 16 non-officials. The majority of the members evince little interest in the proceedings. In five only out of the ten meetings held during the year was there the quorum required by law. Nine members did not attend any meeting at all. This apparent indifference partly arises from local reasons, the distance from head quarters of the residence of some of the members being very considerable.

(*c.*) The different establishments in the road cess continue to work well. Mr Mackenzie, the District Engineer, takes great interest in the road cess work and attends the meetings regularly. The subordinate officers are also active and energetic. The proceedings of the last meeting contain a full expression of opinion on all the officers in the establishment.

F. W. V. PETERSON,
Chairman, District Road Committee.

No. 34, dated Darjeeling, the 18th April 1877.

From—LORD H. ULICK BROWNE, Commissioner of the Rajshahye and Cooch Behar Division,

To—The Secretary to the Government of Bengal, Public Works Department.

WITH reference to your No. 12A, dated 11th January 1877, and subsequent reminders, regarding the submission of the district road fund annual reports and accounts of the several districts of my division for the cess year 1875-76, I have the honor to submit in original the reports and accounts received from the Magistrates of Dinagepore, Rajshahye, Pubna, Bogra, and Rungpore, and from the Deputy Commissioners of Julpigoree and Darjeeling, with the following remarks.

2. Government circular No. 8, dated 4th April 1876, ordered the submission of the reports to Government on 1st January, and on the receipt of that circular I requested the district officers to let me have their reports by 20th November. On 4th December reminders were issued from my office. The district reports were received in my office on the following dates :—

Dinagepore	...	...	20th February 1877.
Rajshahye	...	...	15th ditto 1877.
Pubna	...	...	22nd November 1876.
Bogra	...	...	12th January 1877.
Rungpore	...	...	12th ditto 1877.
Julpigoree	...	...	21st November 1876.
Ditto	...	...	19th March 1877.
Ditto	...	...	9th April 1877.
Darjeeling	...	...	16th December 1876.

3. *Dinagepore.*—The actual receipts in this district during the year of report from road cess, ferries, grants-in-aid, proceeds of sales, and other miscellaneous items, amounted to Rs. 3,73,028-12-8. After deducting from this sum Rs. 2,77,452-8-3, the balance on the 1st October 1875, the total income of the road fund was Rs. 95,576-4-0. On the other hand, the total expenditure of the year amounted to Rs. 40,362-2-7, thus leaving Rs. 55,214-1-5 to the credit of the fund on 30th September 1876. The financial condition of the fund is, therefore, satisfactory.

4. Some good and useful work appears to have been executed on parts of the most important roads of the district, such as the Rungpore, Maldah, Moorshedabad, Darjeeling, Bogra, Purneah, Gungarampore, Kishengunge, Roygunge, and Beergunge roads; but on all these roads, as well as on roads of minor importance, a great deal still remains to be done to place them in a satisfactory state.

5. Although a large sum was spent on road work during the year, the general result, as the Magistrate and Chairman observes, cannot be viewed with satisfaction. There can be

no doubt that the unexpended balance was too large, and that all the cess levied except a sufficient working balance should be expended by the end of the year. But the committee experienced great difficulty as regards their working staff. Some men who have proved their practical efficiency by active work were discharged under the orders of Government as not coming up to the standard of the rules in force, and even specially high salaries failed to attract really superior men to such an unhealthy district.

6. *Rajshahye.*—The total available income of the year in this district amounted to Rs. 1,81,917-11-2, and the total expenditure was Rs. 94,304-4-3½, thus leaving a balance in hand of Rs. 87,413-6-10½, which is again too large.

7. The most important and useful work of the year appears to have been the raising and repairing of the Nattore road, at a cost of Rs. 52,066. Repairs to roads of less importance, such as the Godagaree road, were also efficiently executed, and the general results of the year are satisfactory if we except the large unexpended balance.

8. *Pubna.*—The total income of the year was Rs. 17,594-6-3 and the total expenditure Rs. 10,705-14-3. The total amount, however, available on road works, &c., was only Rs. 10,871-9-1, as Rs. 8,591-10-9 were granted by Government with a view to clear off the deficit balance on account of Government grain. At the close of the cess year there was a small balance of Rs. 165-10-10 in hand. Owing to want of funds very little road work was done during the year of report.

9. *Bogra.*—The sum available in this district for the year was Rs. 55,665-9-8 and the total outlay was Rs. 31,534-10-5, thus leaving a balance at credit of the fund of Rs. 24,130-15-3, which is again much too large.

10. The funds appear to have been usefully spent on original works and repairs. The bridges constructed on the Bogra and Rungpore, and the Bogra and Dinagepore road, and the surface repairs done to these roads, are particularly deserving of notice.

11. *Rungpore.*—The total income of the road fund of this district, including the grants-in-aid from provincial reserve funds, amounted Rs. 2,87,204-1-6½ and the total expenditure to Rs. 31,417-15.

12. A large sum, viz. Rs. 23,023-4-9, was spent during the year on the maintenance and repairs of roads and bridges, of which Rs. 8,095-14-1 were devoted to the road from Rungpore to Kurigram, important as forming a portion of the southern emigration road to Assam. Considerable progress was also made on the important roads running to Julpigoree and Cooch Behar. Among original works may be noticed several useful masonry bridges, nearly all of which were completed in the course of the year.

13. *Julpigoree.*—The total income, including a balance of Rs. 2,252-2-11 in hand on the 30th September 1875, amounted to Rs. 50,417-5-5, and the expenditure during the year to Rs. 41,927-1-7, thus leaving a balance of Rs. 8,490-3-10 to the credit of the fund.

14. The funds appear to have been usefully spent on different roads, the most important of which are the road from Julpigoree to Huldibaree in the Dooars, and that to Silligoree, which will be the high road to Darjeeling, where the Northern Bengal State Railway is opened to Julpigoree. The funds of this small and poor district will be insufficient even to make completely passable its existing roads for some years to come.

14. *Darjeeling.*—The total income of the year was Rs. 83,952-7-9, and the expenditure Rs. 56,271-5-6, leaving a balance in hand on 30th September 1876 of Rs. 27,681-2-3.

15. The most important original works carried on during the year were the Tibet frontier road, the northern and southern Nepaul frontier roads, and the Balasun road; and in all these satisfactory progress has been made. Among roads put in good repair the Punkabaree road is deserving of notice.

Secy. to the Govt. of Bengal.

GOVERNMENT OF INDIA,

DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

NOTICE TO MARINERS.

(No. 23.)

Bay of Bengal—Chittagong Coast.

ALTERATION IN POSITION OF THE BEACON LIGHTS AT THE ENTRANCE TO CHITTAGONG OR KORNAFULI RIVER.

The following information (with slight alteration) is extracted from a Notice to Mariners published in the *Calcutta Gazette*.

The two beacon lights situated on the southern shore at the entrance to Kornafuli river have been removed 2.417 yards due south of their former position. The lights, 40 yards apart on a S.E. by E.½E. bearing, were exhibited from the new site on the 20th October 1877, the inner or eastern light from a tripod, the outer or western one from a mast, both beacons being painted white.

The inner light is elevated about 5 feet higher than the outer one, and both are visible in clear weather from a distance of 7 miles through an arc of 160°, or when bearing from S.E. by S., through east and north, to N. by W.

During southerly winds, sailing vessels from the southward and westward (especially those at some distance in the offing) should avoid getting to the northward of the lights; but at night with the outer or western light bearing E.¼N., should run in and anchor in 5 fathoms at low water springs, about 2½ miles from the light, to await daylight.

The beacons in line, and the Hill flagstaff bearing N.E., will place a vessel about half a mile southwestward of the bar buoys; from this position the bar and river buoys will be distinctly seen, and the services of a local pilot are always obtainable. Vessels should not attempt to cross the bar without a pilot, as the channel to Chittagong is long, narrow, and somewhat intricate.

Position of beacons, latitude 22° 10′ 50″ N., longitude 91° 48′ 29″ E.

[*Bearings are magnetic and from seaward; variation* 3° *easterly in* 1877.]

By direction of the Government of India,

HIGH COURT NOTICES.

Circular Orders issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 20, *dated the* 10*th December* 1877.

By desire of the Government of India, the Court directs that the Sheristadar of the office of every Judicial Officer subordinate to the High Court shall be required to examine and report on every application for payment out of Court of money held in deposit, whether in cash or by an order payable at the Revenue Treasury, before it is submitted to the presiding officer of the Court for signature.

2. It is, however, to be understood that this rule does not modify rule 13 of the Account Rules of 1877, by which a Judicial Officer is required to examine his register of deposits before signing a repayment order, and to initial the note of repayment therein and in other registers, or in any way diminish the responsibility of the presiding officer.

No. 21, *dated the* 10*th December* 1877.

Copy forwarded to all District Judges and to the Judicial Commissioner of Chota Nagpore for information and guidance, and for communication to the Courts subordinate to them.

From the Officiating Registrar of the High Court of Judicature at Fort William in Bengal, to the Judge of Tipperah, No. 3001, *dated the* 10*th December* 1877.

I am directed to acknowledge the receipt of your letter No. 888, dated the 13th ultimo, forwarding copy of the instructions you have given to the Courts subordinate to you, directing them, in the case of summonses to defendants, to be guided by the existing rule (Circular Order No. 13, dated 12th May 1874), which requires but one fee to be paid, whatever the number of defendants in a single case; and, as regards summonses to witnesses, ruling that one fee shall be held to cover three persons only, and requiring a separate fee to be charged for each witness in excess of three.

2. In reply I am to say that the question of amending the rules under the Court Fees Act, 1870, has for some time been under the consideration of the Court, and that a set of rules, revised so as to bring them into accordance with the new Code of Civil Procedure, has been submitted to the Government of India, which has also taken up the question in connection with the new bill to amend the Stamp Law. Until a decision has been come to by the Government in the matter, the Courts must continue to be guided by the existing rules quoted above, and charge but a single fee in each case for the issue of summonses to witnesses in the same manner as you have directed them to do in the case of defendants.

No. 22, *dated* 14*th December* 1877.

Attention is invited to the Court's Circular Memoranda No. 13 of 21st July and No. 16, dated 10th September 1873, and District Judges are again requested, when making temporary appointments to fill vacancies in the office of Moonsif under Section 9, Act VI of 1871, invariably to give intimation of such appointments with all necessary particulars to the Accountant-General, Bengal. It is further requested that they will also inform the officer in charge of the treasury where the Moonsif's pay will be disbursed.

The following are the conditions of sale:—

1.—The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.	
When the amount bid is less than Rs. 1,200 per chest,	Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest,	Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest,	Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.	

6.—The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7.—No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8.—The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid

for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9.—Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10.—No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12.—With a view to prevent fictitious biddings, designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertised for sale; No. 2, report of the examination of such Opium.

16.—The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1876-77, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17.—Any further information respecting weight or quality of the Opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1878, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition

for Opium within the time above mentioned, the entire quantity of about 54,000 chests of Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for "the French Government, and delivered upon requisition duly made by the Agents of His "Most Christian Majesty, or by the persons duly appointed by them, the number of chests "so applied for, provided that such supply shall not exceed three hundred chests in each year, "and the price for the same shall be determined by the average rate at which Opium shall "have been sold at every such periodical sale, it being understood that if the quantity of "Opium applied for at any one time shall not be taken on account of the French Government "by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three "hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to "be addressed to the Governor-General at Calcutta within thirty days after notice of the "intended sales shall have been published in the *Government Gazette*."

The following order, issued by the Government of India in the Foreign Department, is republished for general information:—

No. 3521*G.*—*Fort William, the* 21*st December* 1877.—*Notifications.*—*General.*—Captain and Brevet-Major H. P. Peacock, Commandant, Governor General's Body Guard, is appointed to officiate as Political Agent, 2nd class, and posted to Moorshedabad as Agent to the Governor-General, with effect from the date of assuming charge.

The following order, issued by the Government of India in the Financial Department, is republished for general information:—

No. 2798.—*Fort William, the* 21*st December* 1877.—*Civil Pension Code.*—The Governor General in Council directs the publication of the following Addenda and Corrigenda to the Codes of the Financial Department:—

The following despatch from Her Majesty's Secretary of State for India is published for general information:—

FINANCIAL.
No. 342.

INDIA OFFICE,
London, 25th October 1877.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,—I have considered in Council your Financial letter, dated the 13th August 1877, No. 241, recommending that Uncovenanted Officers may be allowed to retire on a superannuation pension at the age of 55 years without producing medical evidence of inefficiency.

2. You point out that, under existing rules, an Uncovenanted Officer who has attained the age of 55 years is only eligible for privilege leave, and for any special leave to which he may be entitled, and you consider it inequitable that an officer should be deprived of the privilege of furlough because he has attained to a certain age, and yet not allowed to retire without a certificate of inefficiency, which he may not be able to procure.

3. Your proposition is approved, on the understanding that a superannuation pension will only be granted to an officer who would be entitled to a pension of like amount if he had retired on medical certificate.

In accordance with the orders contained in this despatch, His Excellency in Council directs the following additions to the Civil Pension Code and amendments thereof:—

Section 56 (*page* 29).

INSERT BEFORE "compelled," "entitled or" AND ADD RULE 5 ON PAGE 31.—An officer in a superior grade who has attained the age of fifty-five years may, at his option, retire from the service on a superannuation pension.

STRIKE OUT THE LAST SENTENCE OF PRESENT RULE 1, PAGE 30.

With the sanction of Her Majesty's Secretary of State for India in Council, the Governor General in Council directs that the following be substituted for Section 89 on page 49:—

Section 89.—A pension or gratuity is payable as follows:—

I.—If it is stated in Rupees—

(*a*) at any Treasury of the Government of India in India; or

(*b*) if the recipient is resident elsewhere than in Asia, at his option at the Home Treasury of the Government of India, at the rate of exchange fixed yearly for the adjustment of financial transactions between the Imperial and Indian Governments.

II.—If the amount is stated in Sterling—

(*a*) at the Home Treasury of the Government of India; or

(*b*) if the recipient is resident in Asia, at his option at any Treasury of the Government of India in India, at the rate of exchange fixed yearly for the adjustment of financial transactions between the Imperial and Indian Governments.

Omit the words from "at the rate of exchange" to the end in Rule 1 *under Section* 89, *and for the words "Rule* 1" *in Rule* 2 *under the same section substitute the following:—*

"The Rule for the payment at the Home Treasury of a pension at the rate of exchange fixed yearly for the adjustment of financial transactions between the Imperial and Indian Governments."

The following orders, issued by the Government of India in the Military Department, are republished for general information:—

No. 1147.—*Fort William, the* 21*st December* 1877.—Lieutenant S. J. Tucker, Calcutta Volunteer Rifle Corps, is granted leave of absence to proceed to England for six months, on urgent private affairs, from the 15th December 1877.

No. 1162.—The services of First Class Apothecary D. J. Tresham are placed at the disposal of the Government of Bengal.

No. 1163.—The services of First Class Apothecary J. F. Mills are placed temporarily at the disposal of the Government of Bengal.

The following order, issued by the Government of India in the Marine Department, is republished for general information :—

No. 41.—*Fort William, the* 21*st December* 1877.—*Surveys.*—Under the authority of the Right Hon'ble the Secretary of State for India, His Excellency the Governor General in Council is pleased to notify that, after a period of six months from the date of this notice, no officer of Her Majesty's Indian Marine, or serving under the Marine Department, will be allowed to undertake private surveys or other private business, except with the express permission of the Government of India.

Such permission will not be given if there be at the place persons not in the service of Government competent and willing to perform the work; and when in the absence of such persons permission is given, the work must be performed out of office hours, and must not in any way be allowed to clash with the officer's proper duties.

CALCUTTA, [illegible]8th August 1877.

The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

	Without postage.	With postage.

PART IV.

Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

THE following Bill and Statement of Objects and Reasons accompanying it are published for general information by order of His Honor the Lieutenant-Governor under Rule XV, Clause 8, of the rules for the conduct of business at meetings of the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations :—

THE CHOTA NAGPORE LANDLORD AND TENANT PROCEDURE BILL.

A Bill to Amend the procedure in suits between landlords and tenants in Chota Nagpore.

WHEREAS it is expedient to amend the procedure in suits between landlords and tenants in Chota Nagpore: It is hereby enacted as follows :—

Preamble.

Short title.

1. This Act may be called "The Chota Nagpore Landlord and Tenant Procedure Act;"

Local extent.

It extends to the territories for the time being under the administration of the Commissioner of the division of Chota Nagpore, save and except the district of Manbhoom and the Tributary Mahals.

Commencement.

And it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Interpretation clause.

2. In this Act, unless there be something repugnant in the subject or context—

"Civil Jail."

"Civil Jail" includes the civil jail of the district, and any place appointed by Government for the confinement of prisoners under this Act.

"Commissioner" and "Judicial Commissioner."

"The Commissioner" and "Judicial Commissioner" mean respectively the Commissioner and Judicial Commissioner of Chota Nagpore.

"Deputy Collector."

"Deputy Collector" includes also an Assistant Commissioner.

"Nazir."

"Nazir" means any officer of a Court authorized to serve or execute its process.

"Section."

"Section" means a Section of this Act.

Certain enactments to cease to have operation in territories to which this Act extends.

3. On and from the commencement of this Act the enactments specified in Schedule (A) hereto annexed, shall be repealed to the extent mentioned in the third column of the said Schedule.

Decision of suits instituted before commencement of this Act.

4. All proceedings which, before the commencement of this Act, shall have been instituted before any Deputy Commissioner or Collector in the exercise of jurisdiction under any enactment hereby repealed shall be heard and decided as if they had been instituted under this Act.

Ryot entitled to a pottah.

5. Every ryot is entitled to receive, from the person to whom the rent of any land held or cultivated by him is payable, a pottah containing the following particulars :—

The quantity and boundaries of land; and where fields have been numbered in a Government survey, the number of each field;

the amount of annual rent;

the instalments in which the same is to be paid; and any special conditions of the lease.

If the rent is payable wholly or partially in kind, the proportion or quantity of produce to be delivered, and the time and manner of delivery.

Right of occupancy of ryot cultivating or holding land for twelve years.

6. Every ryot, who has cultivated or held land for a period of twelve years, has a right of occupancy in the land so cultivated or held by him, whether it be held under

pottah or not, so long as he pays the rent payable on account of the same; but this rule does not apply to the classes of lands locally known as majhahas, man, or saika; nor to khamar, nijjote, or seer land belonging to the proprietor of the estate or tenure, and let by him on lease for a term, or year by year.

The holding of the father, or other person from whom a ryot inherits, shall be deemed to be the holding of the ryot within the meaning of this section.

Saving of terms of written contracts.

7. Nothing contained in the last preceding section shall be held to affect the terms of any written contract for the cultivation of land entered into between a landholder and a ryot when it contains any express stipulation contrary thereto.

Ryots having right of occupancy, are entitled to receive pottahs.

8. Ryots having rights of occupancy are entitled to receive pottahs at fair and equitable rates.

In case of dispute, the rate previously paid by the ryot shall be deemed to be fair and equitable, unless the contrary be shown in an enquiry under section 24.

Pottahs to which ryots not having rights of occupancy are entitled.

9. Ryots not having rights of occupancy are entitled to pottahs only at such rates, and on such conditions, as may be agreed on between them and the persons to whom the rent is payable.

Person granting pottah entitled to a counterpart engagement.

10. Every person who grants a pottah is entitled to receive from the person to whom the pottah is granted a kubooliyet or counterpart engagement in conformity with the terms of the pottah.

The tender to any ryot of a pottah, such as the ryot is entitled to receive, shall be held to entitle the person to whom the rent is payable to receive a kubooliyet from such ryot.

Exactions in excess of rent or receipt withheld.

11. Every under-tenant or ryot, from whom any sum is exacted in excess of the rent specified in his pottah or payable under this Act, whether as abwab or under any other pretext, and every under-tenant or ryot or cultivator from whom a receipt is withheld for any sum of money paid by him as rent, is entitled to recover from the person exacting such rent, damages not exceeding twice the amount so exacted or paid.

Form of receipt.

12. Receipts for rent paid during the year or on account of which rent is acknowledged to have been paid; and a refusal to make such specification shall be held to be a withholding of a receipt.

Under-tenant or ryot may, after tender, &c., pay into court, without any action being brought against him, what he admits to be due to his zemindar, &c.

13. If any under-tenant or ryot shall, at the mal kutcherry for the receipt of rents, or other place where the rents of the land held or cultivated by him are usually payable, tender payment of what he shall consider to be the full amount of rent due from him at the date of the tender to the zemindar or other person in receipt of the rent of such land; and if the amount so tendered shall not be accepted, and a receipt in full forthwith granted, it shall be lawful for the under-tenant or ryot, without any suit having been instituted against him, to deposit such amount in the court of the Deputy Commissioner having jurisdiction to entertain a suit for such rent (hereinafter referred to as the Deputy Commissioner) to the credit of the zemindar or other person aforesaid; and such deposit shall, so far as the under-tenant or ryot, and all persons claiming through or under him are concerned, in all respects operate as and have the full effect of a payment then made by the under-tenant or ryot, of the amount deposited to such zemindar or other person.

Payment into court to have effect of payment to zemindar or other person entitled.

Proceedings on making a payment into court and the drawing out the money.

14. The Deputy Commissioner shall receive such deposit on the application of the under-tenant, or ryot, or his agent, made in writing upon paper bearing a stamp of such value as would be necessary on the institution of a suit for arrears of rent for an amount equal to that which it is intended to deposit; and on the under-tenant, or ryot, or his agent, making a declaration in the form, or as nearly as circumstances will admit in the form set forth in Schedule (B) hereto annexed, the Deputy Commissioner shall give a receipt for the same. The provisions of section 51 shall apply to all such declarations. Upon receiving the money so deposited, the Deputy Commissioner shall issue a notice to the person to whose credit it has been deposited, in the form set forth in the Schedule (C) hereto annexed, and such notice shall be served by the Deputy Commissioner, without the payment of any fee, either upon the person to whom it is addressed, or upon his naib, gomastah, or other agent, and in the absence of any such agent, it shall be served by sticking up a copy of the same in the office of the Deputy Commissioner, and another copy at the mal kutcherry for the receipt of rents, or other place where the rents are usually paid for the land in respect of which the money has been deposited. If the person to whom such notice is issued, or his duly authorized agent, shall appear and apply that the money in deposit be paid [illegible] be immediately made over to [illegible]

[illegible] of such deposit shall have been made, no suit shall be brought against the person making the same or his representatives, on account of any accrued due prior to the date of deposit, unless such suit be instituted within [illegible] months from the date of the service of the notice in the last preceding section mentioned.

Landholders not to compel attendance of tenant for adjustment of rent or for any other purpose.

Payment of rent to be enforced only under this Act.

With the power hereby vested in zemindars and other landholders of compelling the attendance of their tenants for the adjustment of their rents, or for any other purpose, is withdrawn, and all such persons are prohibited from adopting any means of compulsion for enforcing payment of the rents due to them other than are authorized by this Act.

Damages for exacting payment of rent by duress.

17. If payment of rent, whether the same be legally due or not, is extorted from any under-tenant or ryot by illegal confinement or other duress, such under-tenant or ryot shall

be entitled to recover such damages, not exceeding in any case the sum of two hundred rupees, as may be deemed a reasonable compensation for the injury done him by such extortion.

An award of compensation under this section shall not bar or affect any penalty or punishment to which the person practising such extortion may be subject by law.

Dependent talookdar, &c., holding land at fixed rent without change since permanent settlement not liable to enhancement of rent.

18. No dependent talookdar or other person possessing a permanent transferable interest in land, intermediate between the proprietor of an estate and the ryots, who holds his talook or tenure (otherwise than under a terminable lease) at a fixed rent which has not been changed from the time of the permanent settlement, shall be liable to any enhancement of such rent, anything in section fifty-one, Regulation VIII, 1793, or in any other law, to the contrary notwithstanding.

Enhancement of the rent of bhuinhari and khoodkatti lands.

19. No tenant of lands known as bhuinhari or khoodkatti shall be liable to any enhancement of the rent previously paid by him for such lands, unless it be shown that the tenure has been created within twenty years before the institution of the suit to enhance the rent of the said lands; and where enhancement of the rent of such holding is decreed, the rent assessed shall not exceed one half of the rent paid by an ordinary ryot with a right of occupancy on the same class of land with similar advantages.

Enhancement of the rent of korkor, &c., lands.

20. No tenant of lands known as korkor, baeebullah, khundwut, sujhwut, jalsasun, and ariat shall be liable to any enhancement of rent except in accordance with the general custom prevailing with respect to such lands in the village in which the said lands are situated.

Procedure for enhancement of rent.

21. No other under-tenant or ryot having a right of occupancy shall be liable to any enhancement of the rent previously paid by him except in the manner provided in the two next succeeding sections:

Petition to be made to Deputy Commissioner.

22. Any person wishing to obtain an enhancement of rent previously paid by him by any such under-tenant or ryot may present a petition to the Deputy Commissioner to measure the land in respect of which such enhancement is sought and to assess the rent thereon.

Particulars to be specified.

23. Such petition shall specify the pargana, village and name of the under-tenant or ryot against whom the application is made, the general rate prevailing in the village for different classes of lands, the rate (as nearly as it can be ascertained) when the land was last adjusted in the village, the rate which the applicant desires to demand, and the general grounds on which he considers that he is entitled to enhancement. The provisions of sections 49, 50 and 51, shall apply to all such applications.

Procedure on receipt of petition.

24. On receipt of such petition the Deputy Commissioner shall forthwith give notice of the contents thereof to the under-tenant or ryot holding the land in respect of which enhancement is sought, and may order the same to be measured, and may do all things necessary for the assessment of rent thereon, and may, upon consideration of all the circumstances, and after hearing any objection which may be advanced against the proposed enhancement by the said under-tenant or ryot, fix such enhanced rent, or may otherwise alter or vary the rent for the said land as to him may seem fair and reasonable for such period, not exceeding twenty years, as he may think fit; and the rent so fixed or varied shall be payable by such under-tenant or ryot from the commencement of the local year following the year in which the order is passed, and may be recovered in any suit preferred against him for arrears of the same.

Commutation of conditions or services to which lands may be subject.

25. When lands are held subject to any conditions or services other than or besides the payment of a rent in money, it shall be lawful for the tenant of such lands, or the person who has the right to receive the rents and services issuing from such lands, to apply in writing to the Deputy Commissioner for the commutation of all such conditions or services.

Determination of rent payable in commutation.

26. The Deputy Commissioner shall thereupon cause a notice to be served on each of the persons who, under the last preceding section, would have a right to make such application, and shall fix a date for considering the same; and on such date or any date thereafter to which the hearing may be postponed, shall proceed to enquire into the matter and to determine the amount of rent fairly and equitably payable in commutation of such conditions or services to which such lands may be subject.

When ryot may claim abatement of rent.

27. Every ryot having a right of occupancy shall be entitled to claim an abatement of the rent previously paid by him, if the area of the land has been diminished by diluvion or otherwise, or if the value of the produce, or the productive powers of the land, have been decreased by any cause beyond the power of the ryot, or if it should be shown in the course of an enquiry held under section 24 that he is for any good and sufficient reason entitled to an abatement.

Relinquishment by ryot after [illegible]

28. A ryot desires to relinquish the land held or cultivated by him, shall be at liberty to do so, provided he gives notice of [illegible]; to the person entitled to receive the rent or his authorized agent, in the month of Magh, where the Fusbut era is in use, or in the month of Kartick (or Aswin) of the year preceding that in which the relinquishment is to have effect. If he gives such notice, and the land is not let to another person, he shall continue liable for the rent of the land.

If the person entitled to the rent of the land or his agent refuse to receive any such notice and to sign a receipt for the same, the ryot may make an application on plain paper to the Deputy Commissioner, who shall thereupon cause the notice to be served personally on such person or his agent.

Service of notice.

29. If for any reason the notice cannot be served personally upon such person or his agent, it shall be affixed at his usual place of residence, or if he have no such place of residence in the district in which the land is situate, the mode of service of such notice shall be by affixing it at the mal

cutcherry of such land or other conspicuous place thereon, or at the village chowree, bhandar, or chowpal, or at some other conspicuous place in the village in which the land is situate.

What to be deemed an arrear of rent under this Act.

30. Any instalment of rent which is not paid on or before the day when the same is payable according to the pottah or engagement, or, if there be no written specification of the time of payment, at or before the time when such instalment is payable according to established usage, shall be held to be an arrear of rent under this Act, and unless otherwise provided by written agreement, shall be liable to interest at six per centum per annum.

Liability of ryot to be ejected for arrear due.

31. When an arrear of rent remains due from any ryot at the end of the Bengal year, or at the end of the month of Jeth of the Fusly or Sambut or Willayutee year, as the case may be, such ryot shall be liable to be ejected from the land in respect of which the arrear is due, but only in execution of a decree or order passed under the provisions of this Act.

Liability of farmer to have his lease cancelled for arrear adjudged due.

32. When an arrear of rent shall be adjudged to be due from any farmer or other leaseholder not having a permanent or transferable interest in the land, the lease of such leaseholder shall be liable to be cancelled, and the leaseholder to be ejected.

Provided that no such lease shall be cancelled nor the leaseholder ejected otherwise than in execution of a decree or order under the provisions of this Act.

Measurement of lands.

33. When rent is payable by an under-tenant or ryot at a certain rate or rates according to the quantity of land held or cultivated by him, or when any written engagement conditioned for the payment of a certain amount of rent on account of land held or cultivated by an under-tenant or ryot has expired or become cancelled by the sale for arrears of revenue [illegible] of the estate or tenure in which the land is situate, the person to whom the rent is payable may measure such land for the purpose of ascertaining the quantity of land cultivated by such under-tenant or ryot, or the proprietor of an estate or tenure may make a general measurement of the lands comprised in such estate or tenure, unless restrained from so doing by express engagement with the occupant of the lands.

If any person intending to measure any land which he has a right to measure is opposed in making such measurement by the occupant of the land, or if any under-tenant or ryot, having received notice of the intended measurement of land held or cultivated by him which is liable to such measurement, refuses to attend and point out such land, such person may make application to the Deputy Commissioner, and the Deputy Commissioner shall thereupon proceed to enquire into the case in the manner provided for suits under this Act, and shall pass an order either allowing or disallowing the measurement, and, if the case so requires, enjoining or excusing the attendance of any such under-tenant or ryot.

If any under-tenant or ryot, after the issue of an order enjoining his attendance, neglects to attend, it shall not be competent to him to contest the correctness of the measurement made in his absence.

Registry of transfers of talooks, &c.

34. All dependent talookdars and other persons possessing a permanent heritable interest in land intermediate between the zemindar and the cultivator are required to register, in the sherishteh of the zemindar or superior tenant to whom the rents of their talooks or tenures are payable, all transfers of such talooks or tenures, or portions of them, by succession or inheritance. And every zemindar or superior tenant is required to admit to registry and otherwise give effect to all such transfers. Application for the registration of all such successions as may have occurred previously to the commencement of this Act shall be made within two years from the commencement thereof, and for future successions within one year from the date on which the succession occurred: and if such application be not made within the period herein specified, the zemindar or superior tenant may apply to the Deputy Commissioner to put him in possession of the talook or tenure.

On receipt of such an application the Deputy Commissioner shall issue a notice to the talookdar or tenure-holder in possession requiring him to register the transfer within three months from the receipt of the notice, and if he should still neglect or refuse so to register, the Deputy Commissioner, on proof to his satisfaction being given of the service of the notice, may put the zemindar or superior tenant aforesaid in possession of the talook or tenure.

35. The provisions of the last preceding section shall also be applicable to transfers by [illegible] such undertenures as are mentioned in section 127.

Procedure on refusal to register.

36. If any zemindar or superior tenant refuse to admit to registry or otherwise to give effect to any such transfer by succession, the [illegible] may make application to the Deputy [illegible]er, and the Deputy Commissioner [illegible] upon proceed to enquire into the case in [illegible] provided for suits under this Act, [illegible] sufficient grounds are shown for the [illegible] pass an order enjoining the zemindar [illegible] superior tenant to admit to registry and otherwise give effect to such transfer by succession.

Provided that no zemindar or superior tenant shall be required to admit to registry or give effect to any division or distribution of the rent payable on account of any such tenure, as is mentioned in section [illegible] nor shall any such division or distribution of rent be valid and binding without the consent in writing of the zemindar or superior [illegible].

Cognizance of suits under this Act.

37. 1. All suits for the delivery of pottahs or kubooliyets, or for the determination of the rates of rent at which such pottahs or kubooliyets are to be delivered;

2. all suits for damages on account of the illegal exaction of rent or of any unauthorized cess or impost, or on account of the refusal of receipts for rent paid, or on account of the extortion of rent by confinement or other duress;

3. all complaints of excessive demand of rent, and all claims to abatement of rent;

58. If the summons be served personally, the Nazir shall endorse on the summons the fact of such service. If personal service be not effected, the Nazir shall endorse on the summons the reason of not serving it personally, and how it has been served.

Execution of process in another district.

59. If the usual place of abode of the defendant be in a district other than that in which the suit is instituted, the summons, together with the cost of the service thereof, shall be sent by the public post to the Deputy Commissioner or Collector, as the case may be, of such district, who shall issue the summons, return the same, after service with the prescribed endorsement, to the officer by whom it was transmitted to him.

Serving summons or warrant to be deposited in court.

60. The amount of the cost of serving the summons, or if a warrant be issued as provided in the next succeeding section, of serving the warrant, shall in all cases be deposited in court upon the same day or the day next following that on which the plaint or statement of claim is presented to the Deputy Commissioner. If the said amount be not so deposited (except in cases in which the Deputy Commissioner may think fit to remit the payment of summons cost under his discretion reserved to him in section 136, the suit shall not be brought on the file of suits: but such dismissal the plaintiff may present another plaint within the period allowed by the rules of limitation of actions.

Warrant in what cases to issue.

61. If in any suit the defendant [illegible] of claim against an agent for the recovery any money or papers, the plaintiff desires a warrant and the same to be issued against the defendant, such defendant being resident within the district in which the suit is instituted, the statement of claim

When such application is presented, the Deputy Commissioner shall examine the plaintiff or his agent, on his oath or affirmation or otherwise according to the law for the time being in force for the examination of witnesses, and inspect the documents adduced by him in support of his claim, and if there be *primâ facie* grounds for believing the claim to be well-founded, and that, if a summons be issued, the defendant will abscond instead of appearing to answer the claim, the Deputy Commissioner may issue a warrant for the arrest of the defendant.

The Deputy Commissioner shall fix a reasonable time for the return of the warrant, which shall be in the form contained in the Schedule (E) hereto annexed, or to the like effect, and the officer entrusted with the service of the warrant shall at the time of arresting the defendant deliver to him a notice addressed to the defendant, which shall be in the form in the Schedule (F) hereto annexed, or to the like effect, containing the particulars of the claim, and requiring the defendant, if he contest the claim, to bring with him any document upon which he may intend to rely in support of his defence.

But no such warrant shall be issued in a suit for arrears of rent due in respect of a dependent talook or other transferable tenure which, as hereinafter provided, is liable to sale in execution of any decree which may be passed in the case.

Procedure after arrest of defendant.

62. If the defendant be arrested under the warrant of arrest, he shall be brought with all convenient speed before the Deputy Commissioner, and the Deputy Commissioner shall commit him to custody, unless he deposit in court such sum as may be specified in the notice.

Procedure when defendant is brought before the Deputy Commissioner under warrant.

63. When the defendant is brought before the Deputy Commissioner under warrant, the Deputy Commissioner shall with all convenient speed proceed to try the case in the manner hereinafter provided; and if the suit cannot be forthwith adjudicated, the Deputy Commissioner may, if he think fit, require the defendant to give security for his appearance when the same may be required at any time whilst the suit is depending, or until execution of the final decree which may be passed thereon, and may commit the defendant to the civil jail to be there detained until he shall furnish such security, or such sum as the Deputy Commissioner

The security shall be in the form contained in Schedule (G) hereto annexed, or to the like effect.

64. The defendant cannot be arrested under the warrant of the Deputy Commissioner, on the application of the plaintiff, shall either postpone the case for any thing proper in order that within the said period for the arrest of the [illegible] issue a [illegible] and to the residence [illegible] for the hearing [illegible] than ten days [illegible] of the notice at [illegible] the defendant [illegible] mation, [illegible] fixed [illegible] of the defendant [illegible] of the case, which [illegible] from the date [illegible] the residence of the defendant shall appear in [illegible] he shall be dealt with as provided in the last preceding section.

Compensation for arrest applied for without reasonable cause.

65. If it shall appear to the Deputy Commissioner that the arrest of the defendant was applied for without reasonable cause, the Deputy Commissioner may in his decree award to the defendant such sum not exceeding one hundred rupees as he may deem a reasonable compensation for any injury or loss which the defendant may have sustained by reason of such arrest or of his detention in jail during the pendency of the suit.

Consequence of neither party appearing on the day of trial.

66. If on the day fixed by the summons or proclamation for the appearance of the defendant, or on any subsequent day to which the hearing of the case may be postponed prior to the recording of an issue for trial as hereinafter provided, neither of the parties appears in person or by an agent, the case shall be struck off, with liberty to the plaintiff to bring a fresh suit, unless precluded by the rules for the limitation of actions.

If defendant only appear to dispute the demand, Deputy Commissioner shall pass judgment by default; but if defendant admit the claim, Deputy Commissioner shall decree upon such admission.

67. If on any such day the defendant only appear, the Deputy Commissioner shall pass judgment against the plaintiff by default, unless the defendant admit the cause of action, in which case the Deputy Commissioner shall proceed to give judgment for the plaintiff upon such admission without costs provided that such judgment, if there be more than one defendant, shall be only against the defendant who makes the admission.

If plaintiff only appear, Deputy Commissioner may proceed *ex parte*.

68. If on any such day the plaintiff only appear, the Deputy Commissioner, upon proof that summons or proclamation has been duly served according to the provisions of this Act, shall proceed to examine the plaintiff or his agent, and after considering the allegations of the plaintiff, and any documentary or oral evidence adduced by him, may either dismiss the suit at the hearing of it or, in the absence of any witness, or may pass judgment against the defendant.

69. If [illegible] appear on any day to which the postponement may be made, the Deputy Commissioner may allow him to be heard in answer to the suit. [illegible] the Deputy may, upon such conditions, if any, as he may think proper, [illegible] the defendant to be heard in answer to the suit as if he had appeared on the day fixed for his attendance.

Revival, reversal, and alteration of decrees *ex parte* or by default.

70. No appeal shall lie from a judgment passed *ex parte* against the defendant who has not appeared, or from a judgment against the plaintiff by default for non-appearance. But in all such cases, if the party against whom judgment has been given shall [illegible] either in person or by agent, if a plaintiff within fifteen days [illegible] the date of the Deputy Commissioner's judgment has ordered, or if a defendant within the like period, and [illegible] any process for enforcing the decree executed, or at any earlier [illegible] show good and sufficient cause

for his previous non-appearance, and shall satisfy the Deputy Commissioner that there has been a failure of justice, the Deputy Commissioner may, upon such terms and conditions as to costs or otherwise as he may think proper, revive the suit and alter or rescind the decree, according to the justice of the case. But no decree shall be reversed or altered without previously summoning the opposite party to appear and be heard in support of it.

Order to set aside judgment shall be final, but rejection of application to set it aside shall be appealable.

71. In all cases in which the Deputy Commissioner shall pass an order for setting aside a judgment, the order shall be final; but in all appealable cases in which the Deputy Commissioner shall reject the application, an appeal shall lie from the order of rejection to the tribunal to which the final decision in the suit would be appealable; provided that the appeal be preferred within the time allowed for an appeal from such final decision, and be written upon stamp paper of the value prescribed for petitions to the court to which the appeal lies where a stamp is required for petitions.

On appearance of parties, the parties to be examined by the Deputy Commissioner and may cross-examine each other.

72. When both parties appear in person on the day named in the summons, or upon any subsequent day to which the hearing of the case may be adjourned, for sufficient reason to be recorded by the Deputy Commissioner, the Deputy Commissioner shall proceed to examine them, and either party or his agent may cross-examine the other.

If either of the parties be not bound to attend personally, any agent by whom he shall appear, or any person who shall accompany such agent, shall be examined and cross-examined in like manner as the party himself would have been if he had attended personally.
